In re: Low Power Television Application of:
Aracelis Ortiz Corporation
Channel 49, Matinez, CA
File number: BDFCDTL-20111130ENQ
Facility Id No.: 125510

Dear Applicant:

This refers to your above-captioned application for a construction permit authorization in the low power television service and the Commission letter dated August 6, 2013.

The Commission letter dated August 6, 2013, informed you that because your proposed transmitter site is in close proximity to the Mexican border, coordination with the Government of Mexico was mandatory as prescribed by the Mexican USA Television Agreement. As a result of this coordination, the Mexican Department of Communications has informed the Commission that it would object to the grant of your proposed facility, because it would cause interference to channel 49, Mexicali, B.C. The letter also required you to electronically amend your application to resolve these specified problems within **(30)** days of the date of the Commission letter. You did not respond to the Commission letter.

Accordingly, your application, file number BDFCDTL-20111130ENQ IS HEREBY DISMISSED.

Sincerely

Hossein Hashemzadeh
