Dear Applicant:

This refers to your above-captioned application for a construction permit authorization in the low power television service and the Commission letter dated February 27, 2014.

The Commission letter dated February 27, 2014, informed you that because your proposed transmitter site is in close proximity to the Mexican border, coordination with the Government of Mexico was mandatory as prescribed by the Mexican USA Television Agreement. As a result of this coordination, the Mexican Department of Communications has informed the Commission that it would object to the grant of your proposed facility, because it would cause interference to channel 34 Cd, Acuna, Tamps. The letter also required you to electronically amend your application to resolve these specified problems within **(30)** days of the date of the Commission letter. You did not respond to the Commission letter.

Accordingly, your application, file number BDFCDTA-20130925AHB IS HEREBY DISMISSED.

Sincerely

Hossein Hashemzadeh
