Re: K218EA (FX), Ottumwa, IA  
Edgewater Broadcasting, Inc.  
Facility Identification Number: 148639  
Special Temporary Authority  
BSTA-20141204ABG

Dear Mr. Parrish:

This is in reference to the request filed December 4, 2014 on behalf of Edgewater Broadcasting, Inc. ("EBI"). EBI requests an extension of the June 4, 2014 Special Temporary Authority (STA) for continued reduced power operation at 0.066 kW to "reduce interference" while the licensee resolves the matter. EBI has filed construction permit application BPFT-20141204ABFseekint to make this STA operation permanent.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for STA extension IS HEREBY GRANTED. Station K218EA may continue to operate with reduced power. EBI must notify the Commission when licensed operation is restored. EBI must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **March 17, 2015**.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dale Bickel". The signature is fluid and cursive, with the first name "Dale" and last name "Bickel" clearly distinguishable.

Dale Bickel
