LPFM MX GROUP 54
JOINT REQUEST FOR EXTENSION OF TIME
FOR UNIVERSAL TIMESHARE SETTLEMENT

Per letter of November 14, 2014 from FCC Audio Division, the above captioned LPFM applicants of MX Group 54 – the Jean Arnold Group Foundation (“JAGF”), Petaluma Community Access (“PCA”) and Sonoma Charter School (“SCS”) - hereby jointly request an extension of time pursuant to Section 1.46 of the Commission's Rules, up to and including January 14, 2015 in which to fully complete a universal timeshare settlement as prompted by the Commission.

The applicants have met and are committed to working cooperatively in good faith towards a mutually agreeable settlement. However, in the process several technical and procedural considerations have arisen requiring additional time and research to resolve. Additionally, SCS has time constraints due to mid-year school activities limiting the availability of staff, administration and governing board to review and approve documents will full diligence.

Accordingly the applicants of LPFM MX Group 54 respectfully request a brief extension of time to satisfy the Commission's request.

Respectfully submitted,
