Dear Applicant:

On March 2, 2006, the applicant as addressed above was sent a letter outlining the following interference problem, and the applicant was given the opportunity to file a minor amendment to resolve the specified interference problem within 30 days from the date of that letter. If not so amended, the application will be considered incomplete and subsequently dismissed.

Specifically, the proposal is predicted to cause interference to the following facilities:

1. KBAK-TV, Bakersfield, CA. – BPCDT-19990921AAS

Our records show that no amendment has been filed to resolve the interference problem; therefore, the above-referenced application is considered incomplete and IS **HEREBY DISMISSED**.

Sincerely
