Gentlemen:

This refers to your attorney's letter dated February 17, 2015 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that in anticipation of a channel move from channel 51 to channel 30, the station will need to operate from a temporary standby antenna with an ERP of 85 kW, while the channel 30 antenna is installed and made operational. You state that reduced power operations will continue to be necessary while the applicant is trying to install the equipment and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until August 23, 2015 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
