## SUMMARY

The National Hispanic Media Coalition petitions the FCC to deny the license renewal application of Capstar TX LCC, a subsidiary of Clear Channel Communications, Inc., to operate KFI, an AM radio station that is located in Los Angeles, California. Alternatively, if the Commission does not deny this application outright, it should designate it for a hearing.

NHMC has documented a pattern of abuse that KFI and its on-air personalities have perpetrated for years. KFI has regularly used its broadcast license to demonize and degrade the diverse people that comprise the Los Angeles market that it purports to serve. Hate speech targeting people of color, immigrants, LGBT people, and women has regularly emanated from KFI and caused outrage among the local community, as shown by complaints filed at the Commission. In addition to targeting entire populations of people, KFI hosts have a history of issuing dangerous calls to action against individual citizens within in the local market, resulting in harassment and death threats when personal information and telephone numbers are broadcast.

Extensive research into KFI's programming, and hate speech generally, has revealed the propensity for distorted, false, and misleading broadcasts, and examined the physical and psychological harms that such broadcasts inflict on the local community. And, unfortunately, due to extensive media consolidation in the Los Angeles market, and a vast underrepresentation of people of color and women as license holders in that market, community members who are harmed by KFI have no recourse at a local level and are unable to effectuate market-based solutions or broadcast counterprogramming using the public airwaves.

KFI has harmed, rather than served, Los Angeles and renewal of its license would be inconsistent with the public interest. Further, there is evidence to suggest that KFI may have engaged in the practice of news distortion. KFI's license renewal application should be denied or, alternatively, designated for hearing.

**PETITION TO DENY  
APPLICATION FOR RENEWAL OF BROADCAST STATION LICENSE**

The National Hispanic Media Coalition (“NHMC” or “Petitioner”) respectfully submits this Petition to Deny the license renewal application of Capstar TX LLC, a subsidiary of Clear Channel Communications, Inc. (“Clear Channel”), for renewal of station license KFI, pursuant to Section 309(d) of the Communications Act of 1934, as amended, 47 U.S.C. § 309(d), and Section 1.939 of the Federal Communications Commission’s (“FCC” or “Commission”) Rules, 47 C.F.R. § 1.939. KFI, an AM radio station in Los Angeles, California has repeatedly harmed listeners in the greater Los Angeles area through habitual attacks on people of color, LGBT people, women and immigrants, and the public interest would be disserved by renewal of its license.<sup>1</sup> Alternatively, if the Commission does not deny the renewal application outright, KFI’s sustained pattern of abuse, its failure to serve the public interest, its role in creating a media atmosphere that legitimizes violence against people of color, women and lesbian, gay, bisexual or transgender (“LGBT”) people, as well as evidence to suggest that it has engaged in news

distortion, suggest that the Commission must designate a hearing to determine whether or not the renewal of the license would serve the public interest.<sup>2</sup>

## PETITIONER

The National Hispanic Media Coalition has standing as a party of interest pursuant to 47 U.S.C. Section 309(d)(1) as a responsible representative of the listening public in the local market.<sup>3</sup> As demonstrated in the attached declarations<sup>4</sup>, many of NHMC's employees and constituents reside in KFI's service area, regularly listen to KFI, and will be harmed if KFI's license is renewed.<sup>5</sup>

NHMC is a 27-year-old, non-partisan, non-profit, media advocacy and civil rights organization established in 1986 in Los Angeles, California. Its mission is to educate and influence media corporations on the importance of including U.S. Latinos at all levels of employment. It augments the pool of Latino talent with its professional development programs. It challenges media that carelessly exploit negative Latino stereotypes. It scrutinizes and opines on media and telecommunications policy issues.

For many years, NHMC has engaged KFI and two of its on-air hosts, John Kobylt and Ken Chiampou of the *John & Ken Show*, in an effort to remove xenophobic and racist speech from its programming and help it better serve the local community. KFI has done little to curtail the proliferation of hate speech on its radio station, despite the indignation of many of its local

listeners, causing direct harm to the listening public, particularly people of color in Los Angeles. If KFI's license is renewed, it will force the next generation of people of color, LGBT people and women in Los Angeles to endure KFI's harmful and dangerous content.

## FACTS

KFI's invasive and habitual hate speech and stereotyping harms diverse members of the Los Angeles community. Two-thirds of Los Angeles area residents are people of color.<sup>6</sup> Of the nearly eighteen million people residing within the Designated Market Area ("DMA"),<sup>7</sup> forty-seven percent are Latino, thirteen percent are Asian American, and seven percent are African American.<sup>8</sup> Los Angeles is not only the top Latino DMA in the country, but also the top Asian-American DMA.<sup>9</sup> Additionally, over five percent of Los Angeles residents identify as lesbian, gay, bisexual or transgender ("LGBT").<sup>10</sup>

Against this rich, multi-cultural backdrop, KFI regularly airs offensive and dehumanizing speech against nearly every segment of the diverse community. The harms of such speech are devastating, both to individual targets and the greater well being of targeted groups. And, unfortunately, “more speech” is not a viable solution to KFI’s hate and demagoguery because extensive media consolidation in Los Angeles makes it almost impossible for market forces to mitigate the harm caused by KFI. Indeed, the targets of KFI’s hate have absolutely no remedy for the immense harms they face due to KFI’s systematic abuse of the public airwaves.

**A. KFI Is A Hate Radio Hot Spot**

Studies, polls and complaints received by the FCC demonstrate that KFI is a hate radio hot spot. For purposes of this filing, Petitioner is using the definition of “hate speech” offered in a 1993 National Telecommunications and Information Administration (“NTIA”) report, *The Role of Telecommunications in Hate Crimes*,<sup>11</sup> which is the most recent definition proffered by the government. NTIA defined “hate speech” as either (1) “words that threaten to incite ‘imminent unlawful action,’ which may be criminalized without violating the First Amendment”; or (2) “speech that creates a climate of hate or prejudice, which may in turn foster the commission of hate crimes.”<sup>12</sup>

**1. Studies Demonstrate KFI’s Pattern Of Hate Speech And Distortion**

Based on the NTIA’s hate speech definition, the UCLA Chicano Studies Research Center (“CSRC”) developed a sound, replicable methodology for qualitative content analysis that can be

used to examine hate speech in commercial broadcasting that targets vulnerable groups—ethnic, racial, religious, and/or sexual minorities.<sup>13</sup> The research team identified six ways that pundits engaged in hate speech against vulnerable groups: targeted statements, unsubstantiated claims, flawed argumentation (with a focus on fallacies), divisive language (us-versus-them), dehumanizing metaphors, and selected indexical terms (indices for nativism).<sup>14</sup>

Recordings and transcripts of *The John and Ken Show*, a KFI program hosted by John Kobylyt and Ken Chiampou, were analyzed in this study. In just one thirty-minute segment of the program, researchers observed seven false claims, four unverifiable claims, and five distorted claims.<sup>15</sup> The false claims related either entirely or predominantly to undocumented immigrants and governmental agencies or public officials that were characterized as supporting them or facilitating their perceived negative impact on society.<sup>16</sup> The unsubstantiated claims introduced the sense of an immigrant threat (attributed alternately to immigrants-as-criminals or public-officials-as-accomplices), overstated the effectiveness of the hosts’ preferred immigration policies, and linked immigrant rights advocacy groups to terrorism.<sup>17</sup> In addition, Kobylyt and Chiampou made eight unsubstantiated claims related to an initiative to ban the construction of new fast food outlets for one year in South Central, Los Angeles, using these claims to discredit a local elected official (Jan Perry), disparage what they referred to as the “Mexican diet,” and

portray economically disadvantaged blacks and Latinos as inherently violent and undeserving of the public's support.<sup>18</sup>

Kobylyt and Chiampou used the term *illegal alien* or some variation nine times, largely as an index of immorality and criminality.<sup>19</sup> They associated *illegal alien* with violent crime: “triple-murdering illegal alien.”<sup>20</sup> They also used the phrase four times to qualify the terms *advocates*, *advocacy groups*, and *protesters*, thereby casting these groups in immoral and criminal terms as well.<sup>21</sup> Through this rhetorical pattern, vulnerable groups were defined as antithetical to core American values, which were attributed by the hosts to themselves, their audience, and the nation.<sup>22</sup> A significant and recurring indexical construct was that of (Latino) immigrants as criminals and, by extension, as an imminent threat to the American public.<sup>23</sup>

## **2. Voluminous FCC Records And Media Reports Document KFI's Sustained Pattern Of Abuse And Widespread Community Outrage Over Its Propensity For Hateful And Violent Broadcasts**

In addition to UCLA CSRC's research, FCC records obtained through a FOIA request indicate that, between 2008 and 2011, over 240 consumers filed FCC complaints about KFI's programming.<sup>24</sup> A review of the complaints revealed that 196 out of 240, or eighty-two percent, specifically alleged hate speech or violent speech. All but a handful of these complaints were against on-air personalities that continue to regularly pontificate on KFI's airwaves. The

following bullet points summarize some of the complaints that consumers have filed with the FCC regarding KFI's programming:<sup>25</sup>

- A complaint filed in March 2008 alleged that Rush Limbaugh referred to Barack Obama as a "nigger." The complaint stated, "I heard him literally shout this word on KFI 640 in Los Angeles, CA ... I have to say, I was more than a little disappointed ... to hear your commentator Rush Limbaugh make a veiled reference to Presidential candidate Barack Obama as 'President Nigger'."
- Many consumers filed complaints concerning a May 2009 airing of *The Bill Handel Show*. The complaints were based on the following conversation between Bill Handel and his co-host, Lara Hermanson:

*Lara Hermanson*: "If we had 50% less people in this country, we would be doing a lot better."

*Bill Handel*: "So, if we practice, for example, really enforce our borders and get into euthanasia, for example...and get rid of, let's say, Armenians..."

*Lara Hermanson*: "Yeah, sell Glendale..."<sup>26</sup>

- Many consumers filed complaints concerning a May 2009 airing of *The Bill Handel Show*. The complaints were based on the following conversation between Bill Handel and his co-host, Lara Hermanson, relating to the "Armenian" conversation aired earlier in May:

*Bill Handel*: "You should be a saint yourself for caring for a group of people like that. What's next? You want to get rid of the Irish and the Italians? Of course I do."

*Lara Hermanson*: "What the Turks started, Bill will finish."<sup>27</sup>

- A consumer complaint filed in August 2008 against *The John and Ken Show* claimed that "on the 4th day of the Democratic Convention ... John & Ken were commenting on how they would like to see some 'Skin head speed freaks' take a shot at Barack Obama from the rafters at Invesco Field, the site of the Democratic Convention. This among other things said during the program is NOTHING LESS THAN HATE SPEECH!"

<sup>27</sup> Audio recording: *The Bill Handel Show* (May 13-14, 2009).

- In September 2009, one consumer complained, “It is blatant hate speech/hate crime for Rush Limbaugh to urge his listeners to support segregation of school children on school buses based on their race.”
- Several complaints filed in January 2008 alleged that Rush Limbaugh referred to Barack Obama as a “spade” and Hillary Clinton as a “ho”. One complaint stated, “[I]t was obvious that he meant the terms in their most offensive meaning.” Another complaint explained that Rush emphasized the derogatory words as he repeated them.
- A complaint submitted in December 2009 against *The John and Ken Show* alleged that one of the two co-hosts said that “when he was playing tennis some ‘stupid, illegal alien, leaf blower guy’ had blown dust into their tennis game.” The complaint went on to state, “[T]he announcer (John or Ken) wanted to ‘pound him to a pulp with his racket.’ This is hate speech. The announcer suggests that because the worker was Hispanic he was an illegal alien...”
- In September 2011, a consumer complained about Tim Conway, Jr.’s program. The complaint stated that while discussing the DREAM Act, a caller “stated he was prepared to jump in his Suburban and run over Spicks. I attempted to call in and voice my opposition to KFI’s racist obscenities regarding DREAM Act. I was not accepted until I concurred with KFI’s racist rhetoric ... Most every program and personality on KFI makes offending and discriminatory slanders about race, creed, color, national origin, ethnicity, sexual orientation, handicap, [and] disability. I have not in my life heard such bigotry as is broadcast on KFI.”
- A consumer complaint from March 2010 about *The Bill Handel Show* claimed: “This radio personality used the N word (N\*GGER) over the air describing The Congressional Black Caucus Members of the 111<sup>th</sup> Congress.”
- A consumer complaint submitted May 2010 alleged that Bill Handel said he refused second row tickets to a Lakers game because he did not want to sit next to a “svartze (the word some Jews and Germans use for Ni\*\*er).”
- In August 2011, several people complained that, “John & Ken stated that listeners need to call California state legislators with ‘Latino surnames’ to voice opposition to [DREAM A]ct legislation. They constantly make mention of a ‘Mexican Caucus’ in the California senate. Though I do not support the [DREAM A]ct, John & Ken constantly misrepresent and slant facts often fabricating information creating a hyperbole of non-factual situations. John & Ken are racist in their very core fiber and should be kept from the airwaves.”
- In October 2008, one consumer complained about the *The Bill Handel Show* stating, “... Bill Handel and his other ... announcer said that EVERYDAY is a HIT A JEW DAY ... PLEASE FIRE HIM.”

In addition to the consumer complaints detailed above, KFI has aired the following derogatory statements:

- In October 2010, Rush Limbaugh said: “But there is no equality. You cannot guarantee that any two people will end up the same and you can’t legislate it, and you can’t make it happen. You can try under the guise of ‘fairness’ ... but some people are self-starters, and some people are born lazy, some people are born victims, *some people are just born to be slaves....*”<sup>28</sup>
- In September 2011, on *The John and Ken Show*, one of the co-hosts stated: “We have a policy we don’t talk to Spanish TV. There is no good that could come out of that. Of course, we have no audience there ... and they are widely absurd in their interpretation of the news, so there is no reason to participate. So you people from the Spanish TV stations, Univision, Telemundo, and whatever Channel 62 is, just stay in your offices don’t come and bother us. We are not talking to you. Ever. We only talk to English speaking stations that have legal residents as viewers ... yeah non-Spanish speaking cameras ... we don’t do special appearances for the illegal aliens.”<sup>29</sup>
- “[Blacks are] 12 percent of the population. Who the hell cares [if they are heard]?” – KFI’s *The Rush Limbaugh Show*<sup>30</sup>
- “[Mexicans] bring their third-world habits and foul our life.” – KFI’s *The John and Ken Show*<sup>31</sup>
- “So, if we ... really enforce our borders and get into euthanasia, for example ... and get rid of, let’s say, Armenians...” – KFI’s *The Bill Handel Show*<sup>32</sup>
- John Kobylt and Kenneth Chiampou referred to the late Whitney Houston a “crack ho” shortly after her death. They’ve also said that Native Americans should have been “better warriors,” that “there’s a lot of ... Korean painter scam guys,” and that “gays like bodies that remind them of 14-year-old boys.”<sup>33</sup>

### 3. KFI Radio Hosts Have A History Of Targeting Individual Members Of The Listening Public Through Calls To Action And The Release Of Personal Information

As they stoke anger among their listeners with hate speech, John Kobylt and Ken Chiampou often use KFI's broadcast license to offer their audience an outlet for their anger by issuing calls to action and releasing the personal telephone numbers of various private individuals within the local market with whom they disagree. NHMC is aware of at least a half dozen of these instances.

One instance involved UCLA student Nancy Meza and resulted in her receiving more than 300 angry phone calls and death threats.<sup>36</sup> On May 20, 2010, Nancy Meza, then a student at the University of California, Los Angeles, organized a civil disobedience action in support of the DREAM Act with nine other students.<sup>37</sup> Ms. Meza, who served as the media spokesperson and

contact for the students, disseminated a press release containing her personal cell phone number. On the afternoon of that same day, John and Ken released her cell phone number and email address during their radio show and began a national campaign against Ms. Meza.<sup>38</sup> She received over 300 phone calls, including voicemail messages containing death threats. Furthermore, John and Ken began selling t-shirts that said “Deport Nancy Meza” on the front, and a phone number to Immigration and Customs Enforcement on the back despite the fact that Ms. Meza is a U.S. citizen.<sup>39</sup> Ms. Meza felt John and Ken’s actions were meant to incite violence against her. She reported the harassment to Los Angeles Police Department.

Another call to action involved immigrant rights activist Jorge-Mario Cabrera. During a rant against the DREAM Act in 2011, John and Ken released Mr. Cabrera’s personal telephone number.<sup>40</sup> During the segment, one of the hosts stated, “You may want to call him because they’re planning a celebration of the theft of tax money for illegal aliens... They’re [going to] be screwing American college kids out of money they deserve.”<sup>41</sup> Mr. Cabrera received approximately 430 threatening and derogatory voicemail messages, including death threats, from listeners of *The John and Ken Show*.<sup>42</sup> Here are two examples of the voicemail messages that he received:

*Example 1.* “I want to thank you for stealing my hard-earned tax money to support all your Third-World illegal immigrants from Mexico. You guys might wanna save your celebration because it’s gonna be short-lived. It’s gonna get shut

## **B. KFI's Hate And Stereotyping Inflict Concrete Harms Upon Its Targets**

Hate speech and stereotyping pose concrete harms to listeners – both targets and non-targets alike. Media portrayals impact opinions, attitudes and beliefs about vulnerable groups.<sup>45</sup> False facts and other demagoguery in the media can heavily influence the way people understand the world around them and their diverse peers. This can harm all hate speech listeners, both physically and psychologically.

### **1. Hate Speech On Radio Perpetuates Fallacies And Creates Negative Misperceptions About Targeted Groups**

Radio continues to be an influential medium, reaching 90% of Americans every week.<sup>46</sup> With the current media landscape being a safe-haven for hate and extremism, many communities and individuals do not have the information they want and need to intelligently engage in our democracy.<sup>47</sup> It also makes it less likely that underserved communities will turn to certain local

outlets to obtain critical information about health, education, and public safety, leaving them uninformed and disconnected.

According to a national poll conducted by Latino Decisions and NHMC, a large percentage of talk radio news listeners trust the information as honest and accurate.<sup>48</sup> Further, the UCLA CSRC study noted “the particularly troubling nature of unsubstantiated claims on news-talk radio, given that this radio format generally presents information from a journalistic framework that is often associated with fact-based news commentary and expert-driven interviews on topical issues.”<sup>49</sup>

Given this reality, news and entertainment media have a strong influence on non-Latino perceptions about Latinos and immigrants.<sup>50</sup> Stereotypes that people believe to be true about immigrants and Latinos reflect the images, characters, and stories they commonly encounter in news, television, film and radio programming.<sup>51</sup> Media portrayals of Latinos and immigrants have the power to diminish or exacerbate stereotypically negative opinions.<sup>52</sup> People exposed to negative entertainment or news narratives about Latinos and/or immigrants hold the most unfavorable and hostile views about both groups.<sup>53</sup> It is likely that people who learn about Latinos and immigrants from news outlets that paint them in a threatening, pejorative, or otherwise negative manner will have unfavorable impressions of both groups.<sup>54</sup> Conversely,

people exposed to positive news or entertainment stories about Latinos and/or immigrants hold the most favorable opinions about both groups.<sup>55</sup>

Audiences who listen to slanted media hold more negative opinions of Latinos than neutral media outlets.<sup>56</sup> For example, after listening to a brief excerpt of radio content that negatively portrayed Latinos, the number of respondents that indicated that they felt Latinos were “less educated” increased by twelve percentage points versus a group that listened to a positive clip.<sup>57</sup> The view that Latinos “use welfare of public assistance” went up by seventeen points.<sup>58</sup> There was an eleven percent swing towards the belief that Latinos engage in a “culture of crime and drugs”<sup>59</sup> and was a sixteen percent difference in believing Latinos “take jobs away from Americans.”<sup>60</sup> Across the board, consumption of negative and hateful content produced unfavorable and fearful views of Latinos and immigrants.

## 2. KFI’s Hate Speech Could Cause Physical Harms

The physical harms of hate speech range from health issues for all hate speech listeners, to an increased incidence in hate crimes against the targets of such speech.

Another UCLA CSRC pilot study, entitled *Using Biological Markers to Measure Stress in Listeners of Commercial Talk Radio*, used scientific methodologies to determine the biological effects of hate speech broadcast on commercial talk radio or other media.<sup>61</sup> The findings suggest

that exposure to hate speech content on commercial talk radio programs could potentially influence the onset or development of pathophysiological processes or diseases such as cancer or chronic inflammatory diseases, regardless of the listeners' predisposition to the messages.<sup>62</sup>

The atmosphere of fear and distrust created by hostile media messages, particularly during flashpoints in which certain communities are put in the media spotlight, such as during public debates about comprehensive immigration reform, seems to correspond with a higher incidence of hate crimes. For instance, between 2004 and 2008, when immigration became a favorite topic of talk radio outlets, the country experienced a forty percent rise in hate crimes targeting those of Hispanic ethnicity.<sup>63</sup> An FBI report details that while hate crimes dropped overall between 2006 and 2007, incidents targeting people because of their ethnicity or national origin rose 2.3 percent (to include 1,347 victims in just one year).<sup>64</sup> Crimes instigated by ethnicity or national origin made up 13.2 percent of incidents nationally. Most relevantly, 61.6 percent of the victims of hate crimes motivated by the offender's bias towards a particular ethnicity/national origin were targeted because of an anti-Hispanic bias, while 38.4 percent were

In addition to the rise in hate crimes, the number of hate groups has increased dramatically over the past several years. The Southern Poverty Law Center estimates that there are now 1007 active hate groups across the United States. *Active U.S. Hate Groups*, SPLCENTER.ORG., available at <http://www.splcenter.org/get-informed/hate-map> (last visited Oct. 29, 2013).

victimized because of a bias against other ethnicities/national origins.<sup>65</sup> Evidence suggests that many of these crimes against Hispanics were committed because of a clear anti-Latino bias.<sup>66</sup> Evidence shows that perpetrators of anti-Latino hate crimes do not differentiate between undocumented immigrants and Latinos who are U.S. citizens or legal residents.

Legitimate concerns about the ability of the media to fuel hate crimes against vulnerable groups are not new. One study noted that “[n]ationally, hate crimes against Latinos, when compared with hate crimes against other racial/ethnic groups, have increased at the highest rate, with a twenty-five percent increase between 2004 and 2008.”<sup>67</sup> This increase may be linked to negative discourse about immigrants that has been prevalent on the airwaves.<sup>68</sup> In a 2007 national survey, about sixty-four percent of U.S. Latinos reported that the immigration debate had negatively impacted their lives, while seventy-eight percent reported feeling that discrimination remained a problem affecting their community.<sup>69</sup> When examining the incidence of hate crimes during periods of intense media focus on specific groups, it is difficult to deny that the media has the power to influence perceptions and actions.

### **3. Hate Speech Targets Suffer Psychological Harms, Particularly Children And Teen Targets**

Research suggests that hate speech could also contribute to other societal harms, such as psychological damage to victims. Because hate speech fosters feelings of inferiority, its

cumulative impact, over time, may produce a society in which race will be “a badge of inferiority and justification for the denial of opportunity and equal treatment.”<sup>70</sup>

Scholars have also noted the harmful mental and emotional effects that hate speech has on its recipients. Victims of hate speech often suffer severe emotional and physiological distress.<sup>71</sup> “Race-based stigmatization is...‘one of the most fruitful causes of human misery. Poverty can be eliminated – but skin color cannot.”<sup>72</sup> Victims are attacked based on factors that they cannot alter. “The suffering [a victim of hate speech faces]... may be aggravated by a consciousness of incurability and even blameworthiness, a self-reproaching which tends to leave the individual still more aware of his loneliness and unwantedness.”<sup>73</sup>

Moreover, the negative images that hate speech creates can be internalized, shaping self-identities. Researchers have noted that “accumulating evidence suggests that ethnopaulisms may serve as a general risk factor for psychological and somatic dysfunction,” as hate speech may influence health “through exclusion, leading to poverty, segregation into unhealthy environments, reduced access to health care, and employment and educational policies that

discriminate against stigmatized groups.”<sup>74</sup> In addition, statistics show that ethnic immigrant groups subjected to hate speech are more likely to commit suicide than other groups.<sup>75</sup>

The psychological harms that result from an atmosphere of hate are felt even more intensely by children and teenagers. Former FCC Commissioner Gloria Tristani observed that when the media advocates for shooting of undocumented immigrants, it creates “stereotypes [that] have an impact, especially on our children.”<sup>76</sup> It has long been of special concern that electronic media have a particularly strong influence on children and teenagers since, cognitively, they are not fully developed.<sup>77</sup> Studies have confirmed that television influences how children think and behave. The National Institute of Mental Health identified these major effects of seeing violence on television: children may become less sensitive to the pain and suffering of others, children may be more fearful of the world around them, and children may become more likely to behave in aggressive or harmful ways toward others.<sup>78</sup>

Children of surprisingly young ages are shaped by images of race and gender in the media. Indeed, studies reveal that children as young as three understand concepts such as race

and racism.<sup>79</sup> One 2008 study found that one in four children thought it was illegal for a woman or minority to be president, while one in three attributed the lack of female or minority presidents to gender and racial bias.<sup>80</sup> The study also found that one third of children thought members of the excluded groups lacked the skills necessary to hold the office of president, while others expressed the belief that prejudice informed the way adults voted.<sup>81</sup>

**C. Los Angeles Is Marred With Excessive Media Consolidation And A Lack Of Diversity Of Ownership, Diminishing The Opportunity For Rebuttal And The Impact Of Community Complaints**

NHMC research indicates that people of color lack substantial ownership opportunities in the Los Angeles DMA, thus diminishing the opportunity to counter KFI's spread of racist and xenophobic hate.<sup>82</sup> Further, excessive consolidation has insulated current ownership of multiple outlets from the complaints of the local community. As a result, people of color have not enjoyed equal opportunities to work in this industry. This implicates how people of color are covered, or in some cases, not covered, in the media. Pundits on KFI further exacerbate the situation by slanting news and information, and poisoning the information environment.

KFI's parent company, corporate giant Clear Channel, owns approximately 850 radio stations in 150 cities across the country, making it the largest radio conglomerate in the U.S.<sup>83</sup> Its sheer size, on a market-to-market basis, renders it immune to local community outcry and interruptions of sponsorship support. Rather than selling advertising time by station, Clear Channel regularly sells placements for multiple stations at the same time. This gives Clear Channel greater bargaining power and reduces its competition. When responsible companies explicitly request that their advertisements not air on hate programs, they are shifted to a different time period or station. This negates the ability of the free market to dictate content as risk and consequence is spread over a vast media empire. In other words, because Clear Channel owns so many stations, it can ignore local community feedback about its programming and, consequently, the obligations that come with its broadcast license, while still continuing to profit.

This dynamic exists in Los Angeles where Clear Channel and other similarly situated conglomerates stifle diverse and independent viewpoints and often deliver cheaper, homogenized news to the community. The Los Angeles media market is extremely consolidated with a number of television duopolies and a newspaper-broadcast cross-ownership involving Los Angeles' largest daily newspaper.<sup>84</sup> The radio market in Los Angeles is even more consolidated than television. Over ninety-five percent of the population listens to the radio during the week in the

<sup>84</sup> In terms of the television market, CBS Corp. owns KCBS (CBS) and KCAL, Fox Television Holdings owns KTTV (FOX) and KCOP, Comcast/NBCUniversal owns KVEA (Telemundo) and KNBC (NBC), and Univision owns KMEX (Univision) and KFTR (Telefutura). Large media companies own a number of other stations, with Disney owning KABC (ABC), the Tribune Company owning KTLA (CW) and *The Los Angeles Times* in violation of the Commission's newspaper-broadcast cross-ownership rule and pursuant to an outdated waiver, Liberman Broadcasting owning KRCA, and Trinity Broadcasting Network owning KTBN.

morning to midday hours;<sup>85</sup> ninety-eight percent of Latinos and almost ninety-nine percent of Spanish-speaking Latinos listen to the radio during that same time.<sup>86</sup> However, according to a recent review of the market, eighty percent of the seventy-three commercial radio stations in the market are held by multiple owners, and the top stations in the market are owned by the very few. Clear Channel owns the most with eight stations (five FM stations and three AM stations).<sup>87</sup> Clear Channel's stations dominate the market. According to January 2012 Arbitron ratings numbers, Clear Channel owns the four top-rated stations in the market and five of the top ten.<sup>88</sup> At one point last year, three of four stations in the market that averaged over three million weekly listeners were Clear Channel stations.<sup>89</sup> In fact, the top ten stations in the market are owned by only four national entities: Clear Channel (five stations), CBS Corporation (two), Univision (two), and Emmis (one).<sup>90</sup> People of color own none of these entities. Unfortunately, newspaper ownership in the area is similarly consolidated, leading to poor local coverage even in a market that seems to boast a multitude of news options.

People of color are vastly underrepresented in Los Angeles media ownership.<sup>91</sup> Consequently, they do not have meaningful access to the public airwaves in Los Angeles, and

cannot adequately rebut KFI's vitriol with "more speech." Indeed, even the people of color that do have a microphone in Los Angeles have good reason to shy away from taking on KFI and giant Clear Channel and its conglomerated market power, lest they be blackballed from other opportunities to move up in this highly consolidated industry.

### ARGUMENT

Pursuant to Section 309(e) of the Communications Act of 1934, as amended, 47 United States Code Section 309(e), and Section 1.945(f) of the Commission's Rules, 47 Code of Federal Regulations, Section 1.945(f), if a petition to deny a license renewal application presents "a substantial and material question of fact," or, if, for any other reason, the Commission is unable to determine whether granting the application would be consistent with the public interest, the Commission must "formally designate the application for hearing."<sup>92</sup>

As laid out above, KFI has engaged in a consistent pattern of racist, sexist and anti-LGBT hate speech. This speech causes concrete harms to its targets. Indeed, calls to action that include personal contact information spewed out over the air, such as the ones KFI issued against Jorge-Mario Cabrera and Nancy Meza, make them visible targets for the listeners that are riled up into a frenzy by pundits' false and misleading verbal attacks. These individual targets of KFI pundits' wrath are tortured with harassment and death threats, and their safety is endangered whenever KFI pundits issue calls to action against them. This flies in the face of the very purpose of the Communications Act, that communications be made available to all people "for the purpose of

<sup>92</sup> 47 U.S.C. § 309(a), (e)(1-2); 47 C.F.R. § 1.945(f); *Mobilfone of Ne. Pennsylvania, Inc. v. FCC*, 682 F.2d 269, 271 (D.C. Cir. 1982).

promoting safety of life."<sup>93</sup> And certainly repeated derogation of some of this country's most vulnerable populations cannot, and should not, be considered to comply with the Commission's public interest requirements. Indeed, many of the examples of heinous remarks listed above flirt with the line between protected and unprotected speech. On its face, it is clear that KFI has harmed the public, and that "grant of the application would be prima facie inconsistent with the public interest, convenience and necessity."<sup>94</sup> Therefore, its license renewal application should be designated for hearing, and, eventually, denied.

Beyond Petitioner's concerns about KFI's repeated offenses against the more than two-thirds of the local Los Angeles population that identifies as either people of color or LGBT (not to mention women), Petitioner has produced evidence to suggest that KFI has engaged in news distortion. The FCC's news distortion doctrine prohibits the deliberate staging, slanting and falsifying of news, as well as suppression of news to serve licensee's private interests rather than the public interest.<sup>95</sup> In its first articulation of the news distortion doctrine, the FCC stated that licensees "must have a policy of requiring honesty of its news staff and must take reasonable precautions to see that news is fairly handled."<sup>96</sup> In *Serafyn v. FCC*, 149 F.3d 1213 (D.C. Cir. 1998), the D.C. Circuit criticized the FCC for failing to adequately consider a petition to deny based on news distortion.

NHMC is not privy to the internal operations at KFI and its parent company, Clear Channel; thus, NHMC cannot fully assess whether intentional news distortion is afoot. NHMC

surmises, however, based on in-depth, academic content analyses of KFI's talk news programming, KFI hosts' regular distortion of facts, and KFI's anti-female, anti-LGBT and anti-people of color slant on its talk news programs, that malicious intent is highly likely. At a minimum, this merits further FCC investigation to answer the following questions: Does KFI and its parent, Clear Channel Radio, have a policy of honesty for its news staff? Is Clear Channel Radio, with headquarters all the way in San Antonio, Texas, and with 850 plus stations in 150 plus cities across the U.S., really able to take reasonable precautions to ensure that news is fairly handled at KFI and at Clear Channel's other seven stations throughout the Los Angeles area?

As discussed above, UCLA CSRC's study, which includes a qualitative content analysis of KFI's *The John and Ken Show*, seems to indicate that KFI hosts are engaged in news distortion. The CSRC researchers logged, in just one thirty minute segment, seven false claims, four unverifiable claims, and five distorted claims.<sup>97</sup> The false claims related either entirely to the duo's coverage of immigrants and the government agencies and officials that were characterized as supporting immigrants.<sup>98</sup> The unsubstantiated claims magnified the sense of an immigrant threat (attributed alternately to immigrants-as-criminals or public-officials-as-accomplices), overstated the effectiveness of the hosts' preferred immigration policies, and linked immigrant rights activists to terrorism.<sup>99</sup> In addition, the duo made eight unsubstantiated claims related to an initiative to ban new fast food outlets for one year in South Central Los Angeles, using these claims to portray economically disadvantaged blacks and Latinos as inherently violent and underserving of the public's support.<sup>100</sup>

For these offenses, the targets of KFI's programming are without remedy unless the FCC designates this petition for hearing. Clear Channel is the largest radio conglomerate in the United States and it has grown too big to fail. Even in the face of massive outcry and successful advertiser boycotts, hate pundits like Rush Limbaugh and John and Ken remain on the air. In NHMC's campaign against John and Ken, it removed nearly every single major advertiser from the program yet the duo continues to pontificate on KFI's airwaves. The consolidated nature of advertising buying and placement has allowed Clear Channel to shift the loss amongst its properties. This negated the ability of market forces to resolve the issue. Moreover, with rampant media consolidation and very few media outlets owned by people of color, the people harmed by KFI do not have adequate opportunity to respond to KFI's hate speech with more speech.

### CONCLUSION

Wherefore, for the reasons set forth above, NHMC urges the Commission to deny this license renewal application or, alternatively, designate it for public hearing.

## DECLARATION OF ALEX NOGALES

1. I, Alex Nogales, am the President and Chief Executive Officer (CEO) of the National Hispanic Media Coalition (NHMC). NHMC is headquartered at 55 South Grand Avenue, Pasadena, California 91105 and has chapters and constituents across the nation.
2. I currently reside at 15710 Starbuck St., Whittier, CA 90603.
3. NHMC is a 27-year-old non-profit, non-partisan organization dedicated to improving the image of Latinos as portrayed by the media, increasing employment opportunities for American Latinos in the media and telecommunications industries, and advocating for policies that benefit American Latinos and other people of color. In my capacity as President and CEO of NHMC, I represent the interests of a broad range of constituents across the country, Latinos in particular.
4. Within NHMC's constituency are many listeners of KFI who reside in the Los Angeles and Orange County areas, and who will be harmed if KFI's license is renewed. License renewal would allow KFI and its employees to continue to use derogatory language and hate speech over commercial radio broadcasts. KFI's John Kobylt and Ken Chiampon of *The John & Ken Show* have targeted Latinos, particularly undocumented immigrants, and other people of color in Southern California for many years. Messrs. Kobylt and Chiampon's use of negative stereotypes and inflammatory generalizations have had a deleterious effect on Latinos in Southern California. There have been countless instances of disparaging and demeaning comments by KFI's on-air hosts (as noted in the Petition to Deny), and the impact of this type of speech is very apparent. A renewal of KFI's license would continue the perpetuation of hate speech and the degradation of the Latino community in Southern California.
5. I currently own and use a radio and have listened to KFI for many years.
6. I will personally be harmed by the proposed license renewal as a Latino male and listener of commercial talk radio. I have been offended by Messrs. Kobylt and Chiampon's derogatory language over the past twelve years. I will continue to sustain injury as long as KFI and *The John and Ken Show* are on the radio airwaves.
7. I have read and support the foregoing Petition to Deny and I have personal knowledge of the facts contained herein.
8. This statement is true to my personal knowledge, and is made under penalty of perjury of the laws of the United States of America.

3. NHMC is a 27-year-old non-profit, non-partisan organization dedicated to improving the image of Latinos as portrayed by the media, increasing employment opportunities for American Latinos in the media and telecommunications industries, and advocating for policies that benefit American Latinos and other people of color. In my capacity as Social Media and Communications Strategist of NHMC, I represent the interests of a broad range of constituents across the country, including Latinos, undocumented immigrants and LGBT people in particular.
4. Within NHMC's constituency are many listeners of KFI who reside in the Los Angeles and Orange County areas. NHMC's constituents will be harmed, especially undocumented immigrants and LGBT people, if KFI's license is renewed.
5. On January 16, 2012, during KFI's *The John & Ken Show*, co-host John Kobylt stated, "gay guys control the fashion industry and the casting industry and the whole Hollywood look. And gays like bodies that remind them of a 14 year old-boy." He furthered stated, "and that's how I know for sure, I don't need to do any research or any proof that it's gay guys who control the entire casting industry."<sup>1</sup> Mr. Kobylt's suggestion that gay men are physically attracted to the bodies of underage boys implied that gay men are pedophiles. His targeted remark was unsubstantiated and injurious to the LGBT community. It perpetuated a negative (and untrue) stereotype to the millions of listeners of *The John & Ken Show*, and exposed the LGBT community to ridicule and potential violence.
6. Approving KFI's license would harm NHMC's constituents and community because it would allow KFI and its employees to use derogatory language and hate speech over commercial radio broadcasts. KFI's John Kobylt and Ken Chiampou of *The John & Ken Show* have targeted Latinos, particularly undocumented immigrants, and other people of color in Southern California for over twelve years. Messrs. Kobylt and Chamipou's have a history of constantly using the term "illegal alien" as a way to criminalize and dehumanize undocumented immigrants. The use of negative stereotypes and inflammatory generalizations has had a deleterious effect on undocumented immigrants, LGBT people and other people of color in Southern California. A renewal of KFI's license would continue the perpetuation of hate speech targeted at vulnerable communities.

---

<sup>1</sup> For audio and a written transcript of the broadcast on January 16, 2012, please see: <http://mediamatters.org/blog/2012/01/17/the-john-amp-ken-show-gay-men-force-actresses-t/186256>.

7. I currently own and use a radio and have listened to KFI for many years.
8. I will personally be harmed by KFI's proposed license renewal. As a gay, Latino male, child of immigrant parents and listener of commercial talk radio, I have been tremendously offended by the derogatory speech used by KFI and its employees. As a teenager, negative media portrayals of Latinos, immigrants and LGBT people certainly made my experience towards self-acceptance as a gay, Latino son of immigrants incredibly challenging. My feelings are not unique. Derogatory language and speech may have *a profound effect* on members of marginalized groups, particularly children and teenagers. The flagrant and almost nonchalant use of offensive language by KFI's hosts *will* impact the LGBT and undocumented immigrant communities in the future, as it has in the past. The renewal of KFI's license would severely impair vulnerable communities from escaping stereotypes, and would have an equally destructive impact in protecting these communities from potential violence.
9. This affidavit has been prepared in support of the foregoing Petition to Deny Application Renewal of Broadcast Station License.
10. This statement is true to my personal knowledge, and is made under penalty of perjury of the laws of the United States of America.

Date Executed: November 1, 2013

## Complaints About KFI Received By The FCC

Federal Communications Commission  
Consumer & Governmental Affairs Bureau  
Washington, D.C. 20554

October 24, 2011

Jessica Gonzalez  
55 South Grand Avenue  
Pasadena, CA 91105

FOIA No. 2011-578

Dear Ms. Gonzalez:

This letter responds to your recent Freedom of Information Act ("FOIA") request received by the Federal Communications Commission (the "FCC or "Commission") and assigned to the Consumer & Governmental Affairs ("CGB"), Enforcement ("EB"), and the Media ("MB") Bureaus. Your request seeks all "complaints the Commission has received about KFI AM 640."

CGB conducted a search of the databases in which we maintain the records of informal complaints filed by, or on behalf of, consumers. Our search revealed 173 documents that are responsive to your request, which are enclosed. EB informed CGB that a search of its records identified 67 responsive documents to your request, copies which are also enclosed. MB informed CGB that a search of its records identified no responsive documents.

All personal identifying information relating to the individuals who submitted or are named in the enclosed complaints or inquiries has been redacted based on Exemption 6 of FOIA, which permits agencies not to disclose files that would clearly invade personal privacy.<sup>1</sup> Some FCC employee names have also been redacted based on Exemption 2 of FOIA, which permits agencies not to disclose internal personnel rules and practices.<sup>2</sup>

The FCC receives many complaints and comments that do not involve violations of the Communications Act or any FCC rule or order. Thus, a complaint or comment does not necessarily indicate any wrongdoing by any individuals or entities named in the complaint or comment.

<sup>2</sup> 5 U.S.C. § 552(b)(2); *see also* 47 C.F.R. § 0.457(b).

FOIA and FCC rules require the FCC to charge requesters for time spent searching for and reviewing responsive documents, and for copying them.<sup>3</sup> Based on your classification as a representative of the "news media," you are responsible only for the payment of duplication costs beyond the first 100 pages.

The fee for duplication of documents being furnished to you is \$21.40 (214 pages x \$0.10). The Financial Operations Division, Office of Managing Director, Federal Communications Commission, will send you a bill for this amount soon. Interest will be assessed on the fee owed if it is not paid within 30 days of the date of the bill.<sup>4</sup>

If you think this response denies your FOIA request, you may file an application for review of this decision with the FCC's Office of the General Counsel within 30 days.<sup>5</sup> Both the application and envelope containing it must be marked "Review of Freedom of Information Action" and the application should refer to FOIA Control No. 2011-578.

Sincerely,

Kurt Schroeder  
Deputy Chief  
Consumer Policy Division  
Consumer & Governmental Affairs Bureau

**Comments**

Recently Bill Handel on KFI - suggested reducing the U.S. population to save the government money. Then came a wisecrack about starting with the Armenians and selling Glendale. So far, it's just tacky, and par for the shock-radio course. One person who heard this called and e-mailed to complain. The upshot? The e-mail was read and mocked again no surprises. But then came "What the Turks started, Bill will finish. Imagine if similar comments were made against Jews or Blacks! They would turn the world upside down until they got justice!"

You'll certainly want to hear the two clips. Unfortunately, you can't hear the real offender off KFI's website. Why? They've taken down that show from their website. Hmm, wonder why that is. Fortunately, they were downloaded ahead of time and are now available at: <http://www.burbankanc.org/KFI.mp3>

Thank you.

**Comments** On the show, they commented that "What the Turks started, Bill will finish". This is offending and not a joking matter. When such things are said about African Americans or jews, they demand an apology immediately and action is taken. I am offended first as an American Armenian, secondly as a humman! Thyank you for your time.

<b>Comments</b>	this moron and his posse were talking about getting rid of other nationalities from the United States so our tax money won't be used on them and smirkingly said that Armenians should be eliminated from Glendale and Glendale should be sold. In addition the group of uneducated radio hosts (morons) were mentioning that Bill should finish what the Turks started. Where is the hatred coming from and what needs to be done so these morons won't have a place to hurt a nationality and cause an uproar. He's provoking Armenians to cause harm to him and his colleagues and a well deserved one it should be when making fun of annihilation of 1,500,000 Armenians by the Turks.

<b>Comments</b>	I want to file a complaint toward radio personality, Bill Handel, for his derogatory and racist comments toward the Armenian people. I respect freedom of speech, but everything has limits. On 5/13/09 and 5/14/09, him and his female co-host crossed the lines with their bigot remarks toward the Armenian people. "Get rid of Armenians- sell Glendale" was his suggestion to reducing the US population to save the government money. Also stated was this- "What Turks started, Bill will finish". That is VERY OFFENSIVE to a nation of people that lost 1.5 million innocent men, women and children during the genocide. How can radio hosts make jokes about a genocide? Whether it be the Armenian genocide, Jewish holocaust, Rwanda, Darfur, etc. it is unexceptable and should not be tolerated on public radio. There should be disciplinary action taken toward this. At the least, public apology should be required!!!

<b>Comments</b>	<p>Bill handel on the date provided above refered to the "Armenian" people in a derogatory and illegal way of claiming they must clear the out of L.A. Also, they referred to the Armenian Genocide of 1915 and stated "What the turks didn't finish, Bill Handel will."</p> <p>This statement reflect Bill Handel's position of extermination of the Armenian people and he must be prosecuted for his statements. Stating he wants to kill specific people is illegal. I trust the FCC will have an answer for me right away regarding their stance before we claim legal action toward the radion station and can reflect upon the FCC's comments/actions. Thank you. **Comments** During the broadcast Bill Handel was speaking about a complaint he received regarding a previous comment about "Getting rid of the armenians in Glendale". It was at this moment where the comment arose that I find absolutely disturbing. "What the Turks started Bill will finish". Imagine saying "What the Nazi's started Bill will finish". These kinds of comments are useless and do no good for anyone.

<b>Comments</b>	Bill Handel along with a male and female guest hosts blatantly suggesting getting rid of Armenians and selling Glendale in order to save the govt. money As if this was not offensive and racist enough, the female guest host added, "What the Turks started, Bill will finish." These people cannot go unpunished for outright encouragement of genocide. The next day, on May 14th, they began to mock an Armenian man who had sent them mail disproving of their intolerant and hurtful comments. I could not believe my ears when I heard this program. It breaks my heart to know that this type of offensive material is broadcasting. Please look into this and see that justice prevails. Thank you.

**Comments** THE STATEMENTS MADE BY BILL HANDLE WERE BOTH OFFENSIVE AND FLAMATORY AND THREATENING. WHILE HANDLE'S INITIAL STATMENT ABOUT GETTING RID OF ARMENIANS BY SELLING GLENDALE WAS MERELY OFFENSIVE, IT WAS TAKEN A STEP FURTHER, WHEN A LISTENERS RESPONSE WAS RIDDICULED. THE RESPONSE "BILL HANDLE WILL FINISH WHAT THE TURKS STARTED" CLEARLY IS A REFERENCE TO THE ARMENIAN GENOCIDE. SUCH LANGUAGE DOES NOT BELONG ON THE PUBLIC AIRWAVES. THIS AGENCY HAS A DUTY TO ROOT OUT SUCH INDIVIDUALS AND TAKE THEM OFF THE AIR OR SHOW THERE IS SOME CONSEQUENCE FOR SAYING SUCH THREATENING AND HATEFUL THINGS. WHAT WOULD THIS AGENCY DO IF THE REMARKS WERE ANTI-SEMITIC IN NATURE AND THE STATEMENT WAS "BILL HANDLE FINISHING WHAT HITLER STARTED" OBVIOUSLY HE HAS A RIGHT TO MAKE ANY STATMENT HE WANTS, BUT HE DOES NOT HAVE ANY RIGHT TO SAY SUCH THINGS ON THE PUBLIC AIRWAVES. WHEHTER HE IS ATTACKING AN ARMENIAN, A JEW, AN AFRICAN AMERICAN OR ANY OTHER PERSECUTED GROUP THE RESPONSE AND CONSEQUENCE SHOULD BE THE SAME

**Comments** This is in regards to the comments that were made on a Bill Handel's talk show and his staff members anti-Armenian statements and more importantly their call for yet another Genocide. Comments made on the show:

Bill Handel (May 13, 2009): get rid of, let's say Armenians.  
Lara Hermanson (May 14, 2009): What Turks started, Bill will finish.

Considering the nature of these racially charged statements, these comments are not only offensive, but are extremely dangerous and do in fact possess the ability to incite violence against the Armenian-American population.

FCC Form 475B  
Obscene, Profane, and/or Indecent Material Complaint Form

Program Information: The Bill Handel Morning Show on KFI-640AM Radio, Los Angeles, CA

\*(1) Date of Program: November 21, 2008 \_\_\_\_\_

\*(2) Time of Program: 6:50 ? 6:58 a.m. \_\_\_\_\_

(3) Network: \_\_\_\_\_ KFI-640 AM Radio \_\_\_\_\_

Revised January 2006

\*(4) Call Sign, Channel OR Frequency of the station on which you viewed/heard the material:     AM 640    

\*(5) City and State where program was viewed or heard:   Los Angeles  

(6) Name of Program or DJ/Personality/Song/Film:   Bill Handel  

\*Please include below as many details about the program as possible in order to help the FCC determine whether the material was obscene, profane, and/or indecent (such as specific words, language, images, etc.):

On Friday, November 21, 2008, morning, between 6:50 ? 7:00 a.m. (PST), Laura Hermanson, in talking about the ?Pirates of the Caribbean? movie, remarked, ?There?s (sic) no pirates of color in the ?Pirates of the Caribbean.? Bill Handel, who hosts the show of the same name (?The Bill Handel Show?) replied: ?That?s because they?re so dirty, you can?t tell.? Ms. Hermanson, slightly embarrassed, chuckled nervously and, in a quick-recovery/clean-up effort, said, ?Yeah, they?re dusty.? Her comment was apparently intended to deflect and defuse Mr. Handel?s they?re-so-dirty-you-can?t-tell-what-race-they-are comment. However, Ms. Hermanson?s effort only succeeded in suggesting that if the ?pirates? removed their ?dust? (her term), they?d be white and thus easy to identify, the ?you-can?t-tell? problem Bill Handel highlighted with his racist remark.

I was highly offended by Bill Handel?s remark, intended to be jocular but so badly-conceived and ?delivered as to only suggest that dirt and people of color go together. Indeed, people of color are that way because they are dirty.

Mr. Handel, who prides himself on being Jewish, would be highly offended if some other talk-show host substituted Jews for ?people of color,? the racial group mentioned by Laura Hermanson in her query. KFI-640 Radio AM prides itself on attracting and maintaining countless listeners to what they tout as their most popular show, The Bill Handel Show. As a ?person of color,? I was deeply hurt and offended by Mr. Handel?s off-hand and careless remark. In the spate of apologies sure to follow, as other listeners perhaps lodge their own complaints, Bill Handel ought to be prepared for taking full responsibility for his racist statement by taking himself off the air. I hope that the Federal Communications Commission advises radio station KFI-640 AM that it is imperative to hire and train, at all times, socially-responsible talk-show hosts. No matter how popular they grow to be, they must be ever mindful and duly diligent about their social responsibilities.

Thank you.

Respectfully,

<b>Problem Description</b>			
<p>Rush Limbaugh's recent racial accusations against General Powell were inexcusable, and crossed the line between entertainment and offensive, divisive, racism. To imply that General Powell's endorsement of Senator Obama was "totally about race" is patently offensive, and diminishes General Powell's great service to this nation. More importantly, this type of language is filled with hate and in fact incites hate in others. It is dangerous to promote this hatred and division over the airwaves, and it is up to the FCC to regulate content within acceptable social norms.</p>

### **Problem Description**

This complaint stems directly from a comment that was made on the John & Ken Show on the 4th day of the Democratic Convention. John & Ken were commenting on how they would like to see some "Skin head speed freaks" take a shot at Barack Obama from the rafters at Invesco Field, the site of the Democratic Convention. This among other things said during the program is NOTHING LESS THAN HATE SPEECH!

I am currently trying to get a transcript of the offending comments. If I find it, I will send it via the regular mail. Please, in the meantime, acquire a transcript, listen to the entire show, and decide for yourselves. My hope is that you will take action as this is not the first time I've heard such offensive language on this station, from these DJs. If my child can't hear it, it doesn't belong on the radio.

HATE SPEECH doesn't belong on the radio.

The very racist Rush Limbaugh stated and admonished listeners to riot at the upcoming Denver convention.

He has been promoting 'operation chaos' and openly bragging about it!

Don Imus was pulled taken of the air for his 'nappy headed hoes statement.

Randy Rhodes was suspended from Air America for an off the air comedy routine.

We are watching to see what your going to do!

Broadcaster Mike Mallory on 1150 AM, K-talk will be sending the transcript.

<b>Problem Description</b>			

This morning, after listening to Senator Barack Obama's speech to America to challenge racism in order all Americans help forge this country into a "more perfect union", syndicated commentator Rush Limbaugh "Rushes" to the public airwaves to use the word "Nigger" as a reference to Sen. Obama. I heard him literally shout this word on KFI 640AM in Los Angeles, CA during the 9:00 hour, local time.

I have to say I was more than a little disappointed, in the wake of Don Imus' Rutgers controversy, and actor Michael Richards' drunken tirade in a comedy club, to hear your commentator Rush Limbaugh make a veiled reference to Presidential candidate Barack Obama as "President Nigger".

This word is incendiary for a specific reason. "Nigger", at the height of its usage in this country, meant to a black person that they were without culture, with a country, without a home, without humanity. This is why it was acceptable for whites to train water cannons on their fellow humans during the nascence of the Civil Rights era. These were niggers. They aren't human. We can abuse them.

Of course, Mr. Limbaugh will strut and hum that he is exercising his right to free speech, that he is being quoted out of context, and all of the other dodges that racists use to escape responsibility.

What's more, Mr Limbaugh believes he is in a safe harbor because his audience is the very demographic that Sen. Obama issues a challenge to: resentful whites who want to be free to shout such epithets to the rafters, as he did in his program.

Mr. Limbaugh is wrong. On this nation's very public airwaves, his audience is America. Show him that America is willing, today, to repudiate and reject the acceptability of the word "nigger", in any context.

<b>Problem Description</b>			

I HEREBY EXPLICITLY REQUEST THAT THE BUREAU WITHHOLD MY NAME (PHONE NUMBER, ADDRESS ) FROM PUBLIC DISCLOSURE.

Violating FCC rules regarding obscene, indecent and pornographic material by Bill Handel.

DATE: Thursday February 21, 2008 (as I recall, if not Wed Feb 20, 2008)  
 TIME 8:45 a.m. (8:40 am to 8:56 a.m time-frame )  
 RADIO STATION: KFI AM 640 (Los Angeles, California)  
 RADIO SHOW: The Bill Handel Show - morning radio talk show (I reach it in the San Diego, California area).  
 VIOLATION: Use of obscene sexually explicit, indecent and pornographic subject matter.  
 Specifically ? a detailed discussion regarding a man having sex with a dog.

In particular during the last 20 to 15 minutes of his weekly morning show. Bill Handel along with several of his morning staff in the studio.

They made sexually explicit, obscene and indecent comments on this matter. They all laugh as they continue to elaborate with details and scenarios.

It's unacceptable, indecent and in my opinion qualifies as pornographic material.

Repeated violation: This is not the first time that Bill Handel has discussed this very same subject. He discussed this subject matter a few months ago

during his weekend ?Handel on the Law? show on this same radio station. Furthermore, on both of these occasions Bill Handel says he thinks this is funny, as if it were ok or normal in our society.

It is not ok or normal in our society. The subject matter is indecent and pornographic. And therefore illegal for radio.

The station owner, manager, producer and Bill Handel must all be held accountable: A hefty fine by the FCC should be levied.

This is NOT the first time the Bill Handel has discussed this same obscene and indecent subject matter. Hopefully the fine will serve

as a deterrent and send this and other public broadcasters a clear message that this is unacceptable, and we the public audience will

not tolerate this. Nor do we find it amusing. It is especially inappropriate given that a) normal morning hours of the show, and therefore b) any member of my family, and

in particular children may be listening and/or overhear the radio.

In addition, there should be a public apology both on radio and on website?s home page.

I HEREBY EXPLICITLY REQUEST THAT THE BUREAU WITHHOLD MY NAME (PHONE NUMBER, ADDRESS ) FROM PUBLIC DISCLOSURE.

**Problem Description**

At 10:56 AM on February 8, 2009, in the midst of talking about some sort of diet supplement, Jillian Michaels (a KFI 640 weekend host), used the following phrase: "...STARVE THOSE LITTLE FUCKERS." While such language may be socially acceptable during interpersonal conversation off the air or on Sirius/XM, it should not be allowed on regular over-the-air broadcasts.

These people are broadcasting on radio and making racist comments. I can't believe something like this would be allowed on radio, or even a radio station would allow a show like this to be broadcasted on their channel. I think you should check out the link I have included and hear it yourselves. <http://www.burbankanc.org/KFI.mp3> .. I think you should really look into these and take action. Especially the fact that the lady on the show made a comment "What the turks started, Bill will finish"... What kind of a comment is that? That is very wrong, and I think people like this should not be allowed to be on TV or Radio.

<b>Problem Description</b>			

On May 13 offensive racist remarks were made on KFI AM640 Bill Handel talk radio show. Bill suggested selling Glendale, a predominantly Armenian community, to help with the economy. He purposely singled out the Armenian community and continued to suggest the extermination of Armenians. The following day, May 14th, Bill read a letter from a listener expressing his disappointment in the racist remarks. At this, Bill and his ignorant team of spokespeople guffawed and laughed. They also laughed at the Armenian name of the author of the letter. Then a despicable remark was made: "what the Turks began, Bill will finish" was then made. This was a direct, bigoted attack on the Armenian community. I am ashamed to be living in a country where such filth is allowed to be aired on a public radio program.

You'll certainly want to hear the two clips.. Unfortunately, you can't hear the real offender off KFI's website. Why? They've taken down that show from their website. Hmm, wonder why that is. I have been feeling really sick and discussted from the all the racial comments that is being made againt my race. I've been a US citizen for 10 years Ive been working for the government for over 16 years and I don't appreciate some un-educated person to get on air and talk stupid and decide he can get rid of Armenians from the city of Glendale and sell the city I want him fired ASAP and i'm already in the process of suing KFI for having someone be able to get on air with his racial comments and discriminations he needs to be fired and if not I will sue them for not firing that So called "Bill Handel" He needs to be fired. Please respond to my email.

Racist comments were made about the Armenian residents of the City of Glendale Californian. Stating that Bill Handel will finish what the Turks started , and stated to get rid of the Armenian Population of the city of Glendale to solve health care issues. Complete Racist comments that should not have been said or allowed in this day in age. An apology does not do justice, he needs to be off the air!! As you recall, the Don Imus situation insulted a college basketball team. This man and network didnt not just insult the Armenian Residents , but suggested the Genocide of the culture. Not right. It amazes me how politics takes over and no one has seen this info on the news ...

### **Problem Description**

You need to stop this RACIST PIG from making comments that his mouth can not cash in. How dare he make comments of getting rid of the Armenians from Glendale and Burbank. Who is he? And his co-host with her racist comment about "What the turks started they will finish"? I bet if this was about the Jews these people would be taken of the air immediately. This is a country built on equality and courtesy. We need to get rid of pigs who can not live with others.

<b>Problem Description</b>			

Recently, Bill Handel, the political incorrect host of conservative 640 AM radio station and the "morning crew" made extremely inflammatory, derogatory, and outright dangerous comments concerning the Armenians. The comments were said on May 13, 2009 and were as follows: ?get rid of, let's say Armenians.? These racist comments were not the first time this has happened with the show. Similar comments were late November, 2008. To make the matters worse, the following day, when he receives a letter from a concerned Armenian-American citizen, instead of realizing his mistake, bill reads the letter and continues with his racist comments and again, makes fun of the author of the letter by asking whether the last name is ended with "ian" or "yan", associating the comment with the Iranian-Armenian and Armenian communities. His co-host, Lara Hermanson, follows with another racist comment: ?What Turks started, Bill will finish.? After this, they both enjoy a nice laugh. This whole thing has made me sick to my stomach. We, in this country, fight for equal rights for everyone, no matter race, color, or religion, but the people in the media, who actually have influence, are standing in our way, instead of helping the cause.

Recently Bill Handel on KFI - suggested reducing the U.S. population to save the government money. Then came a wisecrack about starting with the Armenians and selling Glendale. One person who heard this called and e-mailed to complain. The e-mail was read and mocked again no surprises. But then Mr. Handel said "What the Turks started, Bill will finish?" in reference to the Armenian Genocide of 1915 perpetrated by the Ottoman Empire.

Such comments are highly offensive, inappropriate and just plain wrong.

The remarks that Bill Handel made against the armenian race as well as his response which to a reaction saying that he wants to get rid of irish and italians as well. It is absolutely ridiculous, if he had said get rid of all black people Bill Handel would be in slapped in the face with charges so fast he would have been spinning like a top, I understand he may be issuing an apology but that is still not enough, he should be banned from all media fronts forever.

During a morning radio station program KFI 640 AM, Bill Handel and crew made totally unacceptable and racially discriminating comments. The comments consisted of discriminating Armenians and even worse making a mockery of a tragic historical event, the Armenian Genocide. By insulting any racial or ethnic group, it encourages others to follow. This is totally unacceptable and Bill Handel, the program, and the parent company should be penalized for their reckless actions.

Statements made:

?Say, get rid of Armenians, sell Glendale?

?What the Turks started, Bill will finish?

Radio Host Bill Handel on KFI 640 AM in Los Angeles outright said that we should get rid of the Armenians living in the United States. This was a racial slur that deeply impacted the Armenian population given the annihilation of 1.5 million Armenians in 1915 by the Ottoman Empire. The following day on May 14th, radio host Bill Handel's female sidekick claimed "What the Turks started, they should finish". Does she mean that the Turks should finish slaughtering all the little Armenians that are left in the world? I certainly do think so. Bill Handel continued to say that we should get rid of the Irish and the Italians in America. It made me sick to my stomach on how openly racist this so called radio host is. What is our next generation supposed to learn from this? Please, if you have any heart put an end to this sort of outright hate on broadcast. This country is made up of different ethnic groups and not just "whites".

### **Problem Description**

On the show Handel made a racist remark regarding Armenians saying that in order to cut down the population of the US we should start off by getting rid of Armenians, at which time another figure said they should sell Glendale. This type of remark is understandable as a joke. But then later during the broadcast he read aloud an email which confronted his rude remark and asked him to apologize, but he merely laughed and that same other figure said "What the Turks started, Bill Handel will finish." This is one of the most offensive remarks I have ever heard and it is purely unacceptable to allow such a statement. In 1915 the Turks killed 1.5 million of our ancestors, and these people take it as a joke that Bill Handel will "finish it." If such a remark had been made saying "What Hitler started Bill Handel will finish," the entire country would be going mad. Such a racist remark would in no possible way be permitted, and without any doubt he would have to apologize and pay some sort of indemnity for his purely vulgar language. If similar action is not taken to counteract this man's hideous remarks, it shows the injustice in not only our radio stations but in the entire administration of our country and our concept of what true freedom and equality means.

Attached is the recorded clip of Bill Handel talking about genocide and finishing up what Turkey was not able to do to Armenians.

<http://www.burbankanc.org/KFI.mp3>

After the program director was contacted by many Armenians living in Glendale, part of his comments were, "The comments made were solely mocking the idea of genocide and weren't intended to be about Armenians anymore than they were about euthanasia for the elderly."

"Mocking the Idea of Genocide"

One can look at it in two different ways. If you are mocking it as that it did not happen then Bill Handel is no better than president of IRAN. If he was mocking it as to having a genocide then he's no better than Hitler or the Ottoman Empire.

Either way as President Obama said, "That is hatred"

Racist comments by Bill Handel

Wed May 13th 6:07am on KFI 640AM: Bill Handel's female cohost suggests maybe "if we had 50% less people in the country, we would be doing a lot better (economy wise)". Bill Handel "Yeah, let's enforce our borders tighter and encourage the practice of euthanasia...and get rid of let's say...Armenians." Female cohost chimes in "Sell Glendale!!"

Thurs May 14th 5:07am on KFI 640AM: Bill Handel reads a letter from a disgruntled Armenian gentleman who heard his comments from the prior day. The listener writes "What? Do you want to do away with the Irish and Italians too?" All three laughing...Bill: "OF COURSE I DO!! What do you think?" Female cohost "What the Turks started Bill will finish!!"

During a segment, Bill and his producers suggest selling off Glendale to "get rid of the Armenians." After generating controversy and angry callers, his producer suggest, "What the Turks started, Bill will finish," referring to the Armenian Genocide.

Far from humor, this is a cruel derision of a people who have suffered much throughout history. Mocking the deaths of 1,500,000 innocent Armenians is not only disgusting and wrong, but it also attempts to lessen the impact of the Genocide, and indeed of all other such acts throughout history.

<p>This is to inform you that Bill Handle's comments regarding Armenians are utterly reprehensible and unacceptable. The comments were completely racist. How is this country going to be rid of racism if we have radio dj's like Bill Handel constantly saying racist comments about many ethnicity's and races. How is he still on the air? His comments on the 13th and 14th of May 2009 are completely inappropriate and he should at the very least have a formal apology or he should be fired. One of the many problems that this country has is racism and we aren't going to progress in this area if we have people like Bill Handel saying racist comments over the air.</p> <p>Please look into this matter.</p> <p>Thank You, [REDACTED]</p>

<b>Problem Description</b>			

the remark was " what the turks started with the genocide of armenians Bill will finish" [he will finish the armenian genocide to get rid of the armenian race] This is a threat against the armenian race that they are going to be exterminated as a race. This is an outrageous and a criminal offense made on the radio to millions of people. This needs to be investigated and prosecuted not is it only in poor taste but is a threat against a population that has had their great grandfathers, grandmothers, aunts, uncles home destroyed and people exterminated systematically by the Turks starting in 1880- and culminating in the 1.5 million people being exterminated and 800,000 being exported to the desert where they perished. It is horror beyond imagination that my grandfathers and grandmothers will never forget and yet this person has the intent and is expressing an opinion to carry on with the extermination to get rid of a race. The US attorney needs to prosecute this man and the KFI radio show should lose it's license for airing this kind of obscene and terrorist threat over the air waves. I would like to hear about what is being done about this matter. Thank you.

**Problem Description**

To Whom It May Concern,

This e-mail will serve as a notification of Mr. Bill Handel and his Co-host's remarks referring to the Armenian minority on May 13th and 14th, 2009. Mr. Handel recently suggested that reducing the U. S. population would save government money. This statement, was followed up with an extremely atrocious and loathsome comment by Mr. Handel and his co-host, ?let's get rid of the Armenians, or let's sell Glendale?? and, ?? what the Turks started, Bill will finish??.

Mr. Handel and his co-host's remarks are completely obscene, indecent, racist and morally wrong. These remarks demonstrate everything the United States of America does NOT stand for. The United States does not stand for racism, stripping people of human rights nor does it tolerate ignorant and repugnant behavior. Suggesting that, ?Bill will finish, what the Turks started? is implying the threat and repetition of one of the most heinous crimes in the history of mankind.

Further, on May 14th, Mr. Handel and his co-host continue their antagonistic and hostile behavior by mocking an e-mail that was sent by a listener. He continued to affirm, that he would like to ?get rid of the Jews and Irish people as well?. To insult and show contempt, the way Mr. Handel and his co-host did, exhibits discrimination, prejudice and bigotry. How can we tolerate and allow such conduct to be continued?

For your convenience, please listen to the following link, which has been omitted from KFI AM 640 website:  
<http://www.burbankanc.org/KFI.mp3>

We are all citizens in this country with the right of life, liberty and the pursuit of happiness. Mr. Handel and his co-host demoralize the founding principles that this country was built on. I urge the FCC to take this matter into urgent and

immediate consideration. Thank you for your time and cooperation.

This is unacceptable. It's like saying what Hitler started Bill will finish. Meaning he will massacre all the Armenians.

### **Problem Description**

Mr. Handel on May 13 and in a follow up program on May 14 made racially inflammatory remarks by stating that in order to help curb US Government spending that they should "get rid of immigrant groups such as Armenians in Glendale? he then followed this direct attack on Armenians by stating "What the Turks started, Bill will finish." This is a reference to the Armenian Genocide of 1915, where the Turkish Government was responsible for the death of 1.5 million of its ethnic Armenian citizens in a direct attempt to wipe out the Turkish Armenian population. Mr. Handel's comments are tantamount to saying, with respect to Jews, "what Hitler started, Bill will finish".

This is a totally unacceptable racially motivated attack, thinly veiled in humour and hidden behind Mr. Handel's "shock jock" persona. This is not an acceptable use of free speech and is in no way appropriate comment in an area of high ethnic Armenian concentration, which the Los Angeles area is.

<p>on 5/13/2009 Bill wants to get rid of half of the people, get rid of Armenians, sell Glendale, this country would be in a better shape. Then on 5/14/2009, Bill read a complaint from an armenian listener about the previous day's comment, made fun of him while his assistant the lady says: what the Turks started, Bill will finish! (The Turks started the GENOCIDE, and Bill wants to finish the ARMENIANS). This is a disgrace to all mankind. To have people such as Bill Handel and his friends on an airwave, give them the right to say what they want, insult anyone they want, and get away with it! How are we to teach our children about values, respect, and honor when we have people like Bill to set an example for us?</p>

Bill Handel on KFI - suggested reducing the U.S. population to save the government money. Then came a wisecrack about starting with the Armenians and selling Glendale. One person who heard this called and e-mailed to complain. The upshot? The e-mail was read and mocked again no surprises. But then came "What the Turks started, Bill will finish." Imagine if similar comments were made against Jews or Blacks! They would turn the world upside down until they got justice!

I, having many Armenian friends, am appalled to hear garbage like this on the radio.

Genocide is no joking matter and to publicly put down a group of people is not alright. Bill needs to see the consequences of his words.

**Problem Description**

Radio host Bill Handel suggests to get rid of the Armenians and to "wipe out" Glendale, California. The female host comments that "What the Turks started, Bill will finish" eluding to the Armenian Genocide of 1915-1923 where 1.5 million Armenian men, women and children were systematically massacred by the Ottoman Turks. This is the equivalent of mocking the Holocaust or the Klan killings of African Americans. Suggestions like these incite people to violence against innocent people. This host should be forced to apologize or resign.

### **Problem Description**

During a segment, Bill and his producers suggest selling off Glendale to "get rid of the Armenians." After generating controversy and angry callers, his producer suggest, "What the Turks started, Bill will finish," referring to the Armenian Genocide.

Far from humor, this is a cruel derision of a people who have suffered much throughout history. Mocking the deaths of 1,500,000 innocent Armenians is not only disgusting and wrong, but it also attempts to lessen the impact of the Genocide, and indeed of all other such acts throughout history.

I see these as racist comments and don't think that anyone can make jokes about genocide were million and half people die. This is not the America we believe in.

Here is a segment of the radio show: <http://www.burbankanc.org/KFI.mp3>

Racial comments about the Armenian race by Bill Handel.

MP3 File: <http://www.burbankanc.org/KFI.mp3>

Recently Bill Handel on KFI - suggested reducing the U.S. population to save the government money. Then came a wisecrack about starting with the Armenians and selling Glendale. So far, it's just tacky, and par for the shock-radio course. One person who heard this called and e-mailed to complain. The upshot? The e-mail was read and mocked again no surprises. But then came "What the Turks started, Bill will finish." Imagine if similar comments were made against other races. Then goes on insulting the person who sent the e-mail and clearly making fun of his name and last name.

Please refer to the comments in the above captioned site.

These comments were made by a KFI radio announcer on the air. They are far more inflammatory than the comments made by Don Imus, however, I have not heard of any action being taken against the responsible persons. They go as far as referencing "the unfinished" genocide...

I would appreciate some information on what your organization's the course of action is with respect to this type of irresponsible and racist programming material.

 This is unacceptable, inappropriate, racist, and encourages the violence we have in our state. These types of hate messages have nothing to do with Freedom of Speech

<b>Problem Description</b>			

During a segment intended to solve the budget crisis, Bill suggests selling the city of Glendale to get rid of the Armenians, a people that are highly represented in the city. If that weren't enough, his co-anchor, a woman, suggests that, "What the Turks started, Bill will finish." This is a disgusting remark, making a satire out of the deaths of 1,500,000 innocent Armenians at the hands of the Ottoman Empire in 1915.

Humor has its place in society, but this is not humor: this is a cruel derision of a people who have suffered much throughout history. I implore the FCC to hold accountable Bill Handel and his producers for these egregious remarks and apply the maximum penalties allowed under current law.

<b>Problem Description</b>			

Bill Handel, host of KFI AM 640 made slanderous and racist comments about Armenian Americans suggesting that they be annihilated to remedy the state of the economy. One staffer on the show made an on air comment suggesting "What the Turks started Bill will finish" referring to the 1915 genocide of the Armenian people. Mr. Handel condoned this comment. Later an email was read where a person of Armenian descent objected to the slanderous comments. His name was mocked and so was his email.

Although Mr. Handel is considered a "shock jock" and makes outrageous comments to boost ratings on his show, his comments went to far and can be equated to fighting words. His slanderous comments should be investigated and the type of hate speech broadcast on his show should be condemned.

A clip of the show can be found at <http://www.ancburbank.org/KFI.mp3>

Following is the offensive statements about the Armenians.

"Let's get rid of the Armenians. We'll finish what the Turks didn't. Let's sell Glebdale to reduce the population."

This is what I e-mailed the Station.

Well, as unwelcome as your remarks were about the Armenians, at least you recognized that the Turks DID exterminate 1 1/2 million Armenians. Thanks for NOT denying the 1915 Armenian Genocide." They should be punished by reading on radio "The Forty Days of Musa Dagh" by Franz Werfel.

<b>Problem Description</b>			

To whom it may concern:

I was surprised and extremely disappointed to hear the following comments on Bill Handel's KFI's AM640 talk show on Wednesday, May 13, 2009.

<http://www.burbankanc.org/KFI.mp3>

My concern is not with the initial comments made by Mr. Handel regarding Armenians this is typical low-brow humor that floods most radio stations today. Rather, it is the comment "What the Turks started, Bill will finish." by Mr. Handel's female counterpart that is particularly offensive. The Armenians suffered a horrific genocide during the final days of the Ottoman Empire. How is it that a comment like this is allowed on public broadcasting? Would this woman also be allowed to say "What Hitler started, Bill will finish?"

Please let me know what the FCC plans to do about this situation and what it will do in the future to prevent similar indecent content.

Sincerely,

Hello. I got a very racist email today. It was actually from my cousin. Someone recorded Bill Handel making a racist comment not only towards Armenians, but also to the Irish and Italian. It was Bill Handel, Gary and another lady. Please listen to this. <http://www.burbankanc.org/KFI.mp3>. Listen to this and see how racist they sound! the lady is actually saying that they should finish what the Turks have started. If you don't know yet, the turks have slaughtered over 1.5 million Armenians. I am very offended by this. Please, I beg you to do something about this. I cannot stand racism! this is very corrupt and those people deserve to be punished and fired!

Extremely racial comments regarding the Armenians, i would like to see Bill Handel make such remarks about blacks, Jews, Muslims, etc and not get sued or thrown off the air. This is a serious concern due to the fact that Bill Handel deserved to get fined or thrown off the air. I would like to see some kind of action taken to the point where he regrets making such regards and even apologize.

It is disgusting that someone can make a comment about getting rid of the Armenians especially when they have had a genocide in their history. Although the personalities on the show were joking around, saying, "What the Turks started, Bill will finish" is NOT funny! He should be ashamed of himself as well as the other personalities on the show.

### **Problem Description**

On May 13 and May 14, 2009 at time specified above morning radio show host Bill Handel and his female co-host made very derogatory comments about the Armenian people that reside in Glendale, CA, known to be one of the largest, if not THE largest group of Armenians in the world. They have helped the city grow in every respect since their arrival over 35 years ago and have attained respected position in business and government in Glendale. The Armenian Genocide, which occurred in 1915 and was the first genocide of the 20th century, claimed the lives of over 1.5 million Armenians and their suggestion that displacing the Armenians from Glendale and selling it off is describing a new type of genocide.

This is exactly what was said on-air:

Bill Handel: Get rid of, let's say Armenians?

Woman's Voice: YA! Sell Glendale.

BH: YA! We're maybe in better shape.

May 14, 2009

Woman's Voice: What the Turks started Bill will finish!

These insensitive and unnecessary comments struck me to my core and I was surprised that any media outlet would allow such racist comments to be uttered. I hope an apology is given by the host, on-air, and the radio station and things of this nature are not repeated. They besmirch Armenians as a whole to many people and further tarnish a reputation that we work

feverishly to uphold. I thank you for your time and hope this matter is resolved quickly and correctly.

Sincerely,

A dark, rectangular redaction mark covering the signature area.

<b>Problem Description</b>			

<http://www.burbankanc.org/KFI.mp3>

Bill Handel and his co-hosts suggested that the government could save money by "get[ting] rid of Armenians" and "sell Glendale" (Glendale, CA is largely Armenian). The next day, they said, "what the Turks started Bill will finish" (a reference to the Armenian genocide) he also made fun of Armenian last names. I think these are indecent comments and incendiary with the potential of normalizing and increasing the mistreatment of Armenians. I think that's obscene and it offends me, he is suggesting that a minority be eradicated to save the government money on the basis of the fact that they are a minority not for any other reason. Our constitution upholds that all men are created equal and Mr. Handel's comments clearly contradict that, I find that profane and I hope you will fine this station. Please listen to the link above in order to verify my claims.

Thank you for your kind consideration.

These people are disgusting! A wannabe "shock jock" and his goons think they can joke around about continuing the Armenian Genocide of 1915. What kind of society do we live in that things such as continuing a mass killing of a select group of people is spoken on the radio?

I am absolutely shocked to hear the DESPICABLE comments made against Armenians. This mortifies me as an Armenian and as an individual fighting for JUSTICE.

You'll certainly want to hear the two clips. Unfortunately, you can't hear the real offender of f KFI's website. Why? They've taken down that show from their website. Hmm, wonder why that is. Fortunately, they were downloaded ahead of time and are now available at: <http://www.burbankanc.org/KFI.mp3>

Please help by shutting/banning this host and demanding a formal apology for such hateful remarks.

Thank you.

During the show, Bill Handel suggested reducing the U.S. population to save the government money. He stated that to do so, we should start with the Armenians and selling Glendale, following with the extremely offensive, inhumane and disgusting comment "What the Turks started, Bill will finish." A woman emailed and called complaining about this hateful, willful and racist comment. However, the e-mail was read and mocked, along with the caller.

Bill Handel was advocating ethnic cleansing of the Armenians on the KFI AM 640 show.

### **Problem Description**

When will we learn that intolerance results in the ills of the world. The US is responsible when it comes to sex and obscenities on the airwaves. Bill Handel has obviously crossed the line from free speech and free press to irresponsible, vile and, yes, obscene, behavior.

Bill Handel and his co-hosts suggested that the government could save money by "get[ting] rid of Armenians" and "sell Glendale" (Glendale, CA is largely Armenian). The next day, "what the Turks started Bill will finish" (a reference to the Armenian genocide) he also made fun of Armenian last names. I think these are indecent comments and incendiary with the potential of normalizing and increasing the mistreatment of Armenians. I think that's obscene and it offends me, he is suggesting that a minority be eradicated to save the government money on the basis of the fact that they are a minority not for any other reason. Our constitution upholds that all men are created equal and Mr. Handel's comments clearly contradict that, I find that profane and I hope you will fine this station. Please listen to the link above in order to verify my claims. Thank you for your kind consideration.

### **Problem Description**

Approximately 6:00am on May 14th, Bill Handel responded to a comment he had made the previous day regarding eliminating Glendale and a remark about Armenians. His female co-host remarked, "What the Turks started, Bill will finish." This comment is in direct relation to the Armenian genocide. This is similar to saying, "What Hilter started (against the Jews), Bill will finish."

This is inappropriate and profane. Please note that the Armenian community is significantly more disadvantaged than the Jewish community. Please consider taking action against KFI 640 AM radio in Los Angeles.

Recently Bill Handel on KFI - suggested reducing the U.S. population to save the government money. Then, stated that we should start with "getting rid of Armenians" and "selling Glendale". They went on to say that "What the Turks started Bill will finish" and making fun of the Armenian Genocide during which more than 1.5million Armenians were massacred by the Turks. This was not a small racial remark, he offended the Armenian population, the families who have survived the genocide, and mocked a tragic event in world history. I'm sure this would not be tolerated if he had made fun of the Holocaust, and action should be taken against the radio station and its host.

### **Problem Description**

Recently Bill Handel on KFI - suggested reducing the U.S. population to save the government money. Then came a wisecrack about starting with the Armenians and selling Glendale. So far, it's just tacky, and par for the shock-radio course. One person who heard this called and e-mailed to complain. The upshot? The e-mail was read and mocked again no surprises. But then came "What the Turks started, Bill will finish." Imagine if similiar comments were made against Jews or Blacks! They would turn the world upside down until they got justice! It's time we do the same and stop being so passive. If you are truly offended by this, then take 10 minutes out of your day and do something about it.

You'll certainly want to hear the two clips. Unfortunately, you can't hear the real offender off KFI's website. Why? They've taken down that show from their website. Hmm, wonder why that is. Fortunately, they were downloaded ahead of time and are now available at: <http://www.burbankanc.org/KFI.mp3>

<b>Problem Description</b>			

I would like to file a complaint about Bill Handel's racist comments regarding the Armenian minorities and specifically the comment of "What the Turks started, Bill will finish." This was incredibly hurtful and ignorant remark. As a person of Armenian heritage, I've lost many of my relatives in the Armenian Genocide of 1915, when nearly 1.5 million of Armenians were ruthlessly killed by the Turks. To see someone act so ignorant and then laugh at the complaints that followed the next day truly turns my stomach. I am making it my personal goal to spread the message of Bill's racist bigotry within my community and I will be officially boycotting the radio station until corrective action will be taken and a public apology is presented to the Armenian Community of Los Angeles, which consists of nearly which consists of nearly 1.5 million people, many of whom WERE your listeners!

Stated obscene racial comments, "need to get rid of population...lets start with Armenians! Sell Glndale" and further more "lets finish what the Turks started!"

These comments are very disturbing and hurtful especially coming from a diverse community in Burbank. Inconsiderate to those Armenians that have lost family members in the Genocide. Extremely sensitive since US has yet to recognize and Turkey is desperately denying. Please see to it that Mr. Handel receives immediate punishment!!!

**Problem Description**

On Wednesday 5-13-09 Bill Handel of Burbank radio's AM 640 KFI made some rather racist and disturbing remarks against the Armenian people of Glendale California. Bill and his equally moronic partners on the show were suggesting reducing the U.S. population by %50 to save the government money. They then went on to suggest starting with the Armenians and selling Glendale. Now I am not one to complain since I do have a very good sense of humor and can brush off little 'jokes' about my race and not think much of it. On 5-14-09 Bill received an e-mail from one listener who happened to be Armenian about how insulting his remarks against Armenians were on the previous days show. He read this letter on the air during which a female in the studio said, and I quote, " what the turks started Bill will finish." Now I can almost swear that what she said that this scum of a human will continue Turkeys effort in cleansing the Armenian race. That to me is a little out of line. Me being an American Armenian I was very offended. I am all for freedom of speech but when a suggestion of continuing a genocide is made on a Burbank radio station considering that the majority of residents in Glendale and Burbank are Armenian it upsets me a great deal. I would like for this show to be taken off the air. Supporting genocide and the cleansing of an ethnic race is absolutely unacceptable and it's beyond me how this person still manages to stay on the air. I would appreciate if actions are taken against this.

Thank you.

### **Problem Description**

As an Armenian American, I'm deeply offended by the offensive remarks made recently by Bill Handel on KFI. Basically, he suggested reducing the U.S. population to save the government money by starting to get rid of the Armenians and selling Glendale. One person who heard this called and e-mailed to complain. The e-mail was of course read and mocked following this remark, "What the Turks started, Bill will finish." Please listen to the following clip. Unfortunately, you can't hear the real offender of KFI's website, because they've taken down that show from their website. Fortunately, they were downloaded ahead of time and are now available at: <http://www.burbankanc.org/KFI.mp3>

<p>Recently Bill Handel on KFI (In Southern California) - suggested reducing the U.S. population to save the government money. Then came a wisecrack about starting with the Armenians and selling Glendale, Ca. One person who heard this called and e-mailed to complain. The e-mail was read and mocked. Then the comment ?What the Turks started, Bill will finish? was said by one of the hosts. These comments are not only tacky but dangerous because it is insighting hate and promoting genocide. The following is a link to a recording of these comments: <a href="http://www.burbankanc.org/KFI.mp3">http://www.burbankanc.org/KFI.mp3</a></p>

### **Problem Description**

On May 13, 2009 shock jock Bill Handel of KFI 640 radio in Burbank, CA ( <http://www.kfi640.com/main.html> ) suggested reducing the U.S. population to save the government money, and made a joke about starting with the Armenians and selling Glendale (CA). One person who heard this called and e-mailed to complain. The e-mail was read the next day on air and mocked again. But then the co-host said on air: "What the Turks started, Bill will finish." The clips were immediately removed from the Radio stations website but they were downloaded before they were removed and are available at: <http://www.burbankanc.org/KFI.mp3>.

I understand the concept of free speech but in these politically sensitive days, this type of speech reaks of nothing more than pure hatred being spewed over the airways. It disgusts me - millions of people tortured and murdered throughout the world and through time, and here is this individual diminishing the tragedy of it all for ratings. Something needs to be done!

**Problem Description**

On May 13, 2009 Bill Hendel suggested reducing the U.S. population to save the government money. He came to the conclusion of getting rid of the Armenians and selling Glendale. An email was sent to him complaining about what he said. The email was mocked and the message back from the talk show on air was "What the Turks started, Bill will finish". This is not only racist, but very hateful towards me and all Armenians, taking into consideration what history Armenians have with Turkey dating back to 1915.

In referring to the Armenian-American population in the city of Glendale, CA, Mr. Handel and his cast jokingly stated that Armenians should be removed from Glendale. This statement was distasteful, but he crossed the line to unacceptable by then stating "what the Turks started Bill Handell will finish" referring to the genocide perpetrated by the Ottoman Turks against the Armenians in 1915. This comment was not only offensive but was inflammatory and promoted racial hate and discrimination. This type of content should not be allowed in the media as it can promote hate and potential violence against a group of people

The Armenians had the unfortunate privilege to experience the first genocide in the 20th century. Stating something like "What the Turks started, Bill will finish", is just like saying what Hitler started Bill will finish. This is disgusting programming, I implore the FCC to do something about this immediately.

Sincerely,

**Problem Description**

Recently, during his radio show, Bill Handel made a remark about clearing out Glendale of Armenians. Glendale, CA has one of the biggest communities of Armenians, outside of Armenia. As if this offensive remark was not enough, the next day Mr. Handle continued this line of offensive comments while reading a listener's letter about the offensive remarks. He made fun of the fact that listener who was complaining was Armenian, while his cohost made a comment saying "what the Turks started, Bill will finish." This refers to the Armenian Genocide of 1915 during which over a 1.5 Million Armenians were killed. This offensive remarks can be heard at <http://www.burbankanc.org/KFI.mp3> . I urge you to take appropriate measures against these comments. These comments should not be tolerated against any ethnicity / race or any group of people.

Thank you for your attention to this matter.

**Problem Description**

I received an e-mail that informed me of an extremely rude and obscene comment by Bill Handel of KFI wherein he states, though jokingly, that he wants to reduce the population through euthenasia, and "get rid of Armenians." Thereafter, on May 14, 2009 at 5:07 a.m., Bill Handel's co-host, in response to an angry letter by an Armenian listener, states "What the Turks started, Bill will finish." You can listen to the actual audio recordings by going to the following link:  
<http://www.burbankanc.org/KFI.mp3>

Needless to say, these comments are highly outrageous and inflammatory and should have no place in the media.

Advocating ethnic cleansing of Armenians in Glendale, CA making fun of the 1.5 million who were killed in the Armenian genocide by the Turks.

I understand that talk radio is supposed to have shock value - but this crosses the line.

I am Armenian I have ancestors who were killed in the genocide in Turkey and I DO live in Glendale - this is not funny to me nor should it be to any other human being.

While listening briefly to the program I heard Dr. Ben Chavis author of Crazy Like a Fox call Mexicans, Blacks and Native Americans darkies. Handels next guest Petros Papadakis then referred to Fernando Valenzuela, pitching phenomena for the 1980's Dodgers, as an illegal alien. Handel has made statements before reflecting his belief that all Hispanics are some how in America illegally. This is a concern. This is hate speech. This is not protected speech. This is a radio talk show heard nationwide, not an alcohol drenched barbeque in Handels back yard.

(Anti-Hispanic, Anti-Black) remarks this is not (decent)!!! This is (profane)

KFI AM RADIO and BILL HANDLE on the LAW and others.

On Saturday October 10th, 2009 in the morning at the Morongo Casino, Riverside or San Bernardino County in California. I don't really remember the time. It was around 9am-11 am. What he said about Hispanics and Blacks. Please listen to the show. Get a copy of the live show he had. He did not say anything about Indians. Please get a copy of his show and listen to this unnecessary, uncalled for, Anti Hispanic, Anti Black word. He did not have to say what he did. But you can hear it in his voice that this (white) man was (very) (proud). I was shocked. This needs to stop to me it was not (decent) it was (indecent) and (profane). I'm Hispanic and I don't like it. I was angry and will do everything to expose KFI as Anti Hispanic and Anti Black. I'm tire of this Anti Hispanic Anti Black station. You don't know how I (feel). I'm Angry. I have been listening to this radio station just to monitor this show and they have not (stopped) with there racial speech. I know I'm probably wasting but had to say this anyway.

I CAN NOT HELP YOU. YOU NEED TO GET A VOICE COPY so you can hear it for yourself.

After this you will not hear from me. I DO NOT WANT TO BE CONTACTED BY EMAIL.

YOU NEED TO GET A COPY OF THE SHOW TO (HEAR) AND LISTEN TO THE SHOW.

YOU are the Fcc and you can get a copy from the radio station.

There was discussion about the U.S. Census Bureau worker who was hanged in Kentucky while doing his job. The remark was made, "Oh well, his feet were touching the ground." When I attempted to call various phone numbers to discuss my concerns with KFI AM management, I was sent to a Website and hung up on.

These people are notorious for making outrageous statements of an anti-government nature. But when they make fun of the death of a government worker, the line must be drawn.

Handel was making comments about illegal immigrants and stated that he was going to ask his guest if he had his papers. His guest was named Post and Handel commented he believed his name was originally "Garcia", "or something Hispanic" and that he had "changed it". Handel made other incredibly ludicrous and racist remarks about all Hispanics. This man is in no ways concerned about immigration. He is as anti-Hispanic as Nazi Germany was anti-Semitic. This kind of hate speech should not be tolerated in this country. It fuels violence and obstructs justice. Please stop this racist broadcast tendency KFI has undertaken.

They commented about "Mexican legislators" not representing Americans or Mexican-Americans. These comments are inherently racist, biased, ethnocentric, and just plain offending. They then commented on how Rep Gabrielle Giffords had no idea of what she was doing when signing the Dream Act. In between they ranted about the Fullerton Police beating a schizoid, homeless, white supremacist nazi to death after he attacked the police officers. The John & Ken show is racist, patently defective, offending to any form of intellect, and should be taken off the air.

Shocking, sickening and ghoulish comments

This is a copy of an email I sent to KFI. I don't know if there have been any regulations abused but I felt it was necessary to sent this on to you.

Dear Sirs,

I was listening to 640am radio this evening on my way home around 9:45pm when the talk show host, who I believe it was Tim Conway, reported on a horrible bear attack that happened recently.

KFI 640am proudly labels itself as "stimulating talk radio", but this Tim Conway's comments were so terrible and sickening that I almost had to pull over and throw up.

The story he was relating was about a woman who made three separate attempts to call her mother as she was being eaten alive by a bear. I believe Mr Conway said it happened somewhere in Russia.

The mother at first thought that her daughter was joking but on hearing the pain and desperation in her voice and the sounds of the bear as he was tearing through her leg, the mother was in shock not knowing what to do. This was something terrible and shocking to hear... a real jaw-dropper, but also very saddening.

But what was so sickening to hear was the stupid and insensitive comments the talk show host, Tim Conway, was making as he was he was reporting what happened. He was laughing as he told how the bear had apparently killed the woman's husband and crushed his skull and she tried to run away but the bear caught up to her and caught her by the leg. But his sickening demeanor and derisive comments continued. He apparently though what happened to those poor people was funny as he continued laughing as he continued to relate what happened. He joked and laughed as he said something to the effect that the bear must have wanted to get to the husbands brains to get to the sweet ingredients inside his skull. Then he continued to laugh and make fun of the attack and of the desperate calls to her mother pleading for help while interjecting the sounds the bear must have been making as he was eating the woman's leg... several times he would laughingly interject... "crunch, crunch, crunch" then continue making fun of the whole thing and continue making fun and laugh again saying ?crunch,

---

crunch, crunch?.

What kind of a man makes fun of something as horrendous as what happened to that family and to the feeling her mother must have had? His comments are similar to those that crazy murderers have made about their killings. Tim Conway must be a terribly cold and heartless person to make fun of something as tragic like this as he did. Did he kill animals as a kid? I believe this man is a sick individual who should not be on the radio.

I will send this letter and what I heard tonight to the FCC as I believe it was so disgusting that if there is some law against this behavior on public radio, he must have surely broken it tonight. The story was at first shocking and saddening but quickly turned into a sick display showing the ghoulish mind that this radio talk show host has. Once again, I was sickened so much by his comments and how he was saying them that I almost had to pull over and throw up.

Shocked & sickened... but not "stimulated"

Sincerely,

Ex-listener

I am not a prude and I am the first person who loves edgy programming, but there is a point when it does go too far. On Saturday evening at approximately 4:45-5 p.m. Lisa Ann Walter went way too far and I hit the "off" button. Her discussing how women "pleasure themselves" and encouraged callers to discuss the subject was offensive. Discussion about women "pleasuring themselves" is inappropriate especially during a time period when minors may be actively or within earshot of the sound of the station.

Thank you for considering my viewpoint.

Handel said, "Pope John Paul II will be named the patron saint of child molesters."

Discussing church scandals is fine but his chronic maliciousness should not be acceptable.

**Problem Description**

Rush Limbaugh: "It could well be, ladies and gentlemen, that we're fighting the wrong enemy in the Middle East. Maybe the real terrorists that we face are on Capitol Hill. I mean, really, who's doing as good a job to undermine what this country stands for as the terrorists? 'Dingy' Harry, Nancy Pelosi. I mean, look, if they call us 'hostage takers' and 'gangsters,' then why can't we call them what they are? They are terrorists."

Rush Limbaugh is using language meant to incite hatred and retaliatory action. To call two United States Senators terrorists is not "entertainment", it is "code" for "these people need to be taken out". Rush Limbaugh's propoganda is obscene. His assertions are profane. He is an indecent person not fit for adults to listen to, much less any poor helpless and trapped children or adolescents.

Please you must intervene and take seriously what he is agitating his listeners into doing. He is a hateful lying public person who by his access to mass media is seeping into the psyche of the listeners and his message is obscene. Terrorists. Terrorists. Terrorists. If he repeats this over and over enough, someone will believe it and then the probability of some heinous act being committed goes up. We know historically that there are people on the edge vulnerable to tipping over due to the influence of a public figure. The abortion doctor George Tiller is a fine example of what happens when the American Imams, e.g., Limbaugh, Beck, Coulter, are allowed to spew unchecked vile vile accusations. Please. Don't let this incident go uninvestigated or unpunished. Thank you.

**Problem Description**

Mr. Hoffman allegedly read a news item about a man whose last name was presumably Singh, of Indian origin. In the story, Mr. Singh was murdered on his last day at work at a 7-11 store in Kansas City, and what made the incident all the more tragic, Mr. Hoffman continued, Singh was also the father of two children aged 7 and 9 years. Hoffman and his on-air cohorts repeatedly ridiculed and denigrated Mr. Singh for being stereotypical Indian in America for WORKING at a 7-11 store while being of Indian origin. The entire on-air crew laughed openly on-air as if murder is funny and logical, especially when it happens so tragically to an Indian. Pathetic. In my humble opinion this station should be fined a 7-figure amount and 90% of the fine should be forwarded to Mr. Singh's survivors, unless KFI made up or recycled the story, in which case the penalty should be awarded primarily to the Indian equivalent of the Jewish Anti-Defamation League. It is shocking and offensive to me that a well-paid on-air host would promulgate such pathetic, immature, borderline psychotic hate speech as if it represents 'comedy.' There was nothing funny about it. It is simply a part of a pattern of overt bigotry and class-ism that represents the norm on this station. I have never filed an FCC complain before, but this is totally intolerable material broadcast on the public airwaves. I would appreciate a written follow-up report on your investigation of this sad broadcast incident.

**Problem Description**

Yesterday on the Bill Handel show--the one he does from noon to two (not the early morning show) Bill Handel did a lengthy interview with a Madam--a woman who runs a Brothel in Nevada. He fully endorsed what she was doing, said that he thought it was great. Told her location, she was even allowed to tell people what exit to take to get there. Men called in to get advice about methods of payment, and a trucker called in to find out if she had parking for his truck. She even gave her prices (saying the low end started at \$100) then she went on to say that you can have a great time for just \$300. It was a full on info-mercial with a ringing endorsement for prostitution, and he kept her on for multiple segments.

Would the FCC or KFI allow an hour long commercial for a Brothel on public airways? Well, that is exactly what happened yesterday with a giddy and supportive talk show host and a host of calls in support and getting specific info that would help them locate the Brothel, and what to expect when they got there. Sad. I am a regular listener of both of the Bill Handel shows and even listen to the legal advice show on the weekends occasionally. It is unfortunate that he used his power and influence on such a prominent station to provide promotion and lend credibility to something that is illegal and an affront to the dignity and safety of women in the US and everywhere in the world, and it is especially out of line to do so when it is an illegal activity in the state he broadcasts from and even in most of the state where the Brothel is located.

It is my belief that what he did under the guise of an interview turned into an unfettered info-mercial and a shameless promotion of such a deadly and shameful practice.

John and ken were talking about L.A. DWP salary levels and one started about when he was playing tennis and some "stupid, illegal alien, leafblower guy" had blown dust into their tennis game and how the announcer (John or Ken) wanted to "pound him to a pulp with his tennis racket". This is hate speech. The announcer suggests that because the worker was Hispanic he was an illegal alien. That was not enough for KFI, he then threatened to kill or do harm to this person because of his ethnicity. This is hate speech. How different is it from him stating he wanted to hang a black person, burn a cross in a black or ethnic persons yard? Why is this tolerated from KFI. More often than not all that is broadcast is hate speech towards Hispanics. What is going on?

While discussing opposition to Dream Act a caller named Barry stated he was prepared to jump in his Suburban and run over Spicks. I attempted to call in and voice my opposition to KFI's racist obscenities regarding Dream Act. I was not accepted until I concurred with KFI's racist rhetoric. This took 5 calls from myself. I finally was accepted and was placed on hold for 1 hour 1/2. As I mentioned I was disabled Tim Conway Jr. began talking over me and cut me off mid sentence. Most every program and personality on KFI makes offending and discriminatory slanders about race, creed, color, national origin, ethnicity, sexual orientation, handicap, disability. I have not in my life heard such bigotry as is broadcast on KFI and coast to coast. I'd like to see more palatable programming on KFI.

<b>Problem Description</b>			

The John & Ken Show makes daily, repeated ethnic, race, creed, color, national origin discriminations. They oppose illegal aliens, that is fine. I listen to many shows that oppose illegal aliens and any rights granted to them. But the John & Ken show is the only show I've heard make reference to surnames, and stereotype people because of their surnames. This is Nazism and racism as well as hate speech. Why has the John & Ken Show been allowed to exist for so long while making hate speech?

The John & Ken Show oppose the Dream Act and anything giving rights to illegal aliens. I happen to agree. But the John & Ken Show make daily, repeated, reference and discrimination regarding race, creed, color, national origin, and or ethnicity. 3pm making color reference and discrimination ?white and black legislators? are concerned about American students: Suggesting again that Hispanic surnamed legislators are concerned about only illegal alien students.

<b>Problem Description</b>			

3:50pm caller - Shannon Grove State Assemblywoman spoke of a "Hispanic Caucus", stating she doesn't understand why "Black Caucus" won't go against Hispanic legislators. This is sickening to hear such color and ethnic discriminations made from a state assemblywoman. There is a Mexican-American Caucus (as well as a Black Caucus) but KFI calls it "Mexican Caucus" and Grove calls it "Hispanic Caucus". Grove made reference to her military service saying it somehow made her more credible, yet she makes color and ethnicity slurs, discriminations. Why is this going on?

At approx 6:35pm John & Ken show read off 12 Hispanic surnamed California state legislators stating: to play on ethnic stereotypes, here's the names of the pro-illegal alien state legislators. These 2 are constantly and daily making inflammatory and discriminatory statements regarding their anti-illegal alien stances. I have no problem with anti-illegal alien rhetoric but these 2 are outright racist. Please take them off the airwaves.

<p>John &amp; Ken made comment about a "Mexican Caucus" in the California state senate. This is a figment of their anti-Hispanic hate rant. They constantly make comment about Hispanic and Latino surnamed legislators being a part of their imagined Mexican Caucus. They refer to hispanics and Latino legislators with derogatory, hate speech. They also stated "LaRaza hates America" and furiously stated that LaRaza is against "American". John &amp; Ken are creating hate speech towards Hispanic, Latino, Mexican people. This is a daily thing on their show. How is this white supremacist, nazism hate speech, filth tolerated in America? They need to be cancelled from the airwaves.</p>

At approx 5pm the John & Ken show stated 6 or 7 "Mexican, Hispanic" state legislators apparently control the entire state legislature. This show is against the Dream Act that allows illegal aliens to get financial aid. The John & Ken show constantly makes hate speech in outraged, shouting, ranting dementia at Hispanics, Latinos, and Mexicans in relation to their opposing the Dream Act. This occurs on each show. This is pure racism. How can these two make hate speech every day over the airwaves towards an ethnicity, national origin, race, creed or color? The John & Ken Show needs to be cancelled.

Complaint Summary:

Monday, November 21, 2005

Kevin J. Martin  
Chairman  
Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

Dear Chairman Martin:

I write to you to express the repulsion that I and many others share regarding inflammatory and racist statements regarding the execution of Stanley "Tookie" Williams broadcast on November 18, 2005 on Clear Channel radio station Los Angeles KFI 640 AM by two talk radio hosts, John and Ken of the John & Ken Show broadcast daily Monday through Friday from 3 p.m. to 7 p.m. The John & Ken Show has designated the hour of 5 p.m. as the "Tookie Must Die/Kill Tookie" hour on KFI until and if Williams is executed by the State of California on December 13, 2005.

The core and the manner of the on-air remarks, which were extremely distasteful towards Williams and his plight, were extraordinarily disturbing and offensive. I urge the Federal Communications Commission to examine this incident - particularly in light of other recent, similarly offensive attempts at "entertainment" by KFI 640 AM host John Zeigler, who tried to find humor in the death of attorney Johnny Cochran claiming he was going "straight to hell" for defending a killer (O.J. Simpson). - and to take any and all actions consistent with applicable FCC rules and regulations.

While I know that the First Amendment's guarantee of freedom of speech protects programming that "stereotypes" or otherwise offends people with regard to their religion, race, national background, gender or other characteristics, John and Ken have taken the First Amendment too far with the designation of "Tookie Must Die/Kill Tookie" hour. If any other radio station set aside an hour as "President Bush Must Die" and set forth in that hour to incite a riot among people and to call for the death of the President, that station would be in a lot of trouble. There is no difference with the "Tookie Must Die/Kill Tookie" hour on KFI 640 AM. We must draw that line at some point.

KFI 640 AM is free speak their mind on the execution of Williams, but it is irresponsible of the station's management to allow for their radio hosts for the purposes of "entertainment" to perpetuate hate over public

airwaves and that's exactly what they are doing with the "Tookie Must Die/Kill Tookie" hour.

Los Angeles is a sensitive city. Race relations continue to be a major issue in our city. It does the City of Los Angeles a disservice to have white on-air personalities like John and Ken ridicule an obviously sensitive situation for many Blacks that feel that Williams was the victim of a racist jury composed mainly of whites. I do not need to remind you of the 1992 Los Angeles Riots that were the result of four Los Angeles police officers being acquitted in the beating of Rodney King.

It is clear that John and Ken are trying to play on the emotions of Blacks in Los Angeles as it relates to the Williams execution and pit whites, who are perceived as being against clemency for Williams, against Blacks who are perceived as supporting clemency for Williams.

Radio in the past has proven to be a successful weapon to promote bigotry, hatred and violence. I urge the Federal Communications Commission to take the steps necessary to prevent this from happening again.

I look forward to hearing from you regarding the FCC's actions on this matter.

Sincerely,

(b) (6), (b) (7) (C)

Complaint Summary:

ALIENS. Why in 2005 are we still using indecent, offensive, demeaning, malicious, abusive, RACIST language? John of the john and ken show also refers to people who are represented by 45th district assemblywomen Jackie Goldberg (I.a. CA.) as child molesters that are living in clown Houses (houses that house child molesters), and that the only people who are taking the new orange line bus from the valley to downtown los angeles are "homeless smelly people" This, in my opinion is slander, misrepresentation, but most importantly RACIST.

It is not the subject that is of my concern, but the demeaning and racist terms he chooses in which he places them in. Illegal immigrant is a choice of words that would not be offensive, but they continue and choose to use the racist term "ALIEN". To perpetuate the hatred cycle. You may go to the John and Ken audio archives for SOME of their racist opinion including one with gov. arnold (CA.) using the term alien in an interview regarding illegal immigration. Again it's not the topic but the choice of racist terms that again and again they choose to use.

It's not acceptable to classify a group of people as aliens, it might have been in the past, but we see it as a vile, hatred, demeaning and without debate, racist term. Please do take the time to investigate kfi AM 640 due to I am not the only one who has filed a complaint about the racial slurs that the john & ken show had dispensed. I appreciate the time - (b) (6), (b) (7) (C)

*Mouzzowli*

Current Status: Closed (b) (5)  
Associated (b) (5)

Complaint Summary:

I was listening to Michael go on how terrible Mouzzowli was, and how some individuals were trying to turn his death into negative thing when he said something like heres a tape of Daniel Burkes death, then we heard a sound bite of a man screaming in pain while also hearing Mouzzowli speaking on the same tape while he is killing Daniel. It was bad enough that Micheal said turn it off, I can't stand anymore. Then he went back to talking about it appeared that it seem some people want to make Mouzzowli's death irrelevant, not talking about Daniel again. My 14 year old son even asked what the point of playing the tape was, since it really was needed for the story. Hearing the screams of man dying while being tortured is haunting and does not need to part of a radio broadcast. My son was disturbed, even at 14 he realized it was not necessary and inappropriate. I listen to KFJ daily, agree with freedom of speech and opinion, but this was strictly shock radio.

Thank You For Time

Complaint Summary:

Clear Channel provides racists with air time to slam blacks and latinos day after day. Where is the balance? I have an audio recording of the transcript printed below: February 7th, 6:50pm. John Kobylt and Ken Champou, KFI 640am Los Angeles.; This hour was sponsored by Kay Jewelers, Lexus Dealers, and Walt Disney World. John: Now Santa ana is perfect to analyze the gang (unintelligible) we have a nearly all hispanic population. Largly illegal aliens. so so you know you.. you know.. everybody is the same, everybody is the same and collectively they don't even show up for class. When you go to a point where... I mean, You can't say, the white man is supressing these people, alright? They are all the same. It's a perfect little petri dish to analyze; all these great theories, obviously the attendance is so low that they're are going to be losing millions of dollars. And they have to offer up a car? a Chevy? to see if that will get the parents interested in going to class? Obviously there is a huge problem with the culture there. Huge problem with the Mexican culture. Could you imagine... Ken: What if it worked though, the parents start pushing their kids into school everyday and have perfect attendance record. Not that they'll learn anything. John: But there is only one car. They'll know that odds are... Ken: Oh come these are people who line up every day to buy lottery ticket at the liquor store. John: But to get the school everyday? heh heh I just don't see it, and the thing is, you know. Say your kid is sick for a week. Well then You know you're out of luck, you aren't going to win, there will always somebody who shows up everyday. Ken: Oh then you'll give up completely. Oh we can't win the car. John: I mean if they gave a car to everyone that showed everyone who showed up let's say 99% of the time. I'd like to see that because there aren't enough cars to give away. Ken: It's valued at \$12,000 and it's donated. John: That's right, and 1000s of kids in the schools, but if there is only one, first one, first bad patch you have in october where kid you know doesn't eh. I've lost, I'm out of the running. You know, One of the three white kids in Santa Ana is going to end up winning the car. the asian family in Santa Ana, they're going to have the new car, Ken: Well they decided There are going to have a summit over this achievement gap, there going to conferences, meetings and discussions; ha ha; John: and let me... who is going to tell the truth? Who is going to redesign mexican culture? Who's going to redesign inner city ghetto black culture? Who's that wizard. Who's that social engineer. It's impossible! I mean, do you have to go to asian neighborhoods, to tell them to... uh hey... show me the asian school where you have to put up a car. Ken: no one. I just think California is going to become and has become... haves and have nots, (unintelligible) John: Has there been a car offered up as prize to get the Jewish kids to go to class. No. It's just absurd. Those conferences are probably, imagine how excrutiatingly painful it would be to sit at one of these conferences. John: We'll be back tomorrow at 3 o'clock. Leah brandon has the news next then John Ziegler. John & Ken show, KFI am 640. More: stimulating talk radio. January 7th

Complaint Summary:

at about 6:58 p.m. on April 5, 2007 on radio kll 670 AM the disk jockeys were using rather foul language to describe what they did not like about democrats, saying that they were "crap" and "full of crap" bunch of crap. The content was offensive to me but the gratuitous use of scatological language went over the top. I would not have complained if they had said "bull(as an adjective without the corresponding noun) or bs or nonsense or hokey or garbage or pack of stuff or lies or .... but "crap" offended me.

Complaint Summary:

While listening to the Bill Handle Show on KFI this morning the subject of the GOP Presidential Debate came up. While ; talking about presidential candidate Mitt Romney I was shocked to hear Mr. Handle make several bigoted and insulting ; remarks about Mormon's and The Church of Jesus Christ of Latter Day Saints, among other things calling it a "cult". ; I understand the difference between a joke and a bigoted insulting comment and this unfortunately was the latter. ; While Mr. Handle often describes himself as a "equal opportunity insulter" he did not bring up, or insult, the religion of ; other candidates that were in the debate.... and it's not the first time he's made such comments targeted at Mormons.

**Complaint Summary**

Today, at 5:00 PM Pacific Day light Time, Wayne Resnick played a satirical recording bashing Sarah Palin. In the recording was a reference to her womb and the fact that it was hoped that the birth of five children didn't hurt it (the Womb). The context was how hot she was but she was wrong on abortion. This is in extreme bad taste and should not be permitted on the AM radio band.

Complaint Summary

This complaint stems directly from a comment that was made on the John & Ken Show on the 4th day of the Democratic Convention. John & Ken were commenting on how they would like to see some "Skin head speed freaks" take a shot at Barack Obama from the rafters at Invesco Field, the site of the Democratic Convention. This among other things said during the program is NOTHING LESS THAN HATE SPEECH!

I am currently trying to get a transcript of the offending comments. If I find it, I will send it via the regular mail. Please, in the meantime, acquire a transcript, listen to the entire show, and decide for yourselves. My hope is that you will take action as this is not the first time I've heard such offensive language on this station, from these DJs. If my child can't hear it, it doesn't belong on the radio.

HATE SPEECH doesn't belong on the radio.

Complaint Summary

Rush Limbaugh referred to U.S. Senator Clinton as a "ho" and U.S. Senator Obama as a "spade". I find this very offensive. He was using a gardening metaphor of spade and hoe when he was talking about the two senators and it was obvious that he meant the terms in their most offensive meaning.

Complaint Summary

Racist remarks "cleverly" disguised as double-entendre'. Quotation marks denote special loving emphasis Rush puts on the racially charged words:

Obama is holding his own against both of them?doing more than his share of the "spade" work. Maybe even gaining ground at the moment. Using not only the "spade" ladies and gentleman?that when he finishes with the "spade" in the garden of corruption planted by the Clinton?s, he turns to the "hoe." And so the "spade" work and his expertise using a "hoe".

Complaint Summary

I would like to file a complaint regarding the opening monologue of the Rush Limbaugh Show. During this show opening, Mr. Limbaugh several times used the word 'spade' in a discussion of Barack Obama. Now in it's full context Mr. Limbaugh was questioning whether there was a racist undertone to Hillary Clinton's use of the term 'spadework' with reference to the work being done at the grassroots level by the Obama campaign, but in his reiteration of the subject to his listeners he twice used the word 'spade' in a more derogatory term. It seems to me that anyone listening critically to that monologue could only conclude that his use of the term 'spade' detached from its context of 'spadework' was racist. Within sentences of his use of the term 'spade' Mr. Limbaugh also made mention of Mr. Obama's expertise using a 'hoe'. While I have heard Mr. Limbaugh claim that this was all just an extended gardening metaphor, I believe the theme of the message was clear and disgusting. In a time in our country where we find nooses being hung again in acts on intimidation, the fact that the youth and easily persuaded of our country can be convinced that this sort of thing is funny is harmful to the fabric of our society. We need to recognize that such widely broadcast racism is wrong, and I believe the FCC should sends a message that this sort of slander will not be tolerated.

At 0500 Mr. Handell degraded and keeps degrading the hispanic community...Its not degrading but implying racist remarks towards the hispanic community. It is a daily thing on is show. This is not right and should be investigated. Why does he think that he can say racial remarks and get away with it. I'm sick and tired of his racially motivated talk show.

COMPLAINT FOR (b) (6), (b) (7) (C)

I HEREBY EXPLICITLY REQUEST THAT THE BUREAU WITHHOLD MY NAME (PHONE NUMBER, ADDRESS ) FROM PUBLIC DISCLOSURE. Violating FCC rules regarding obscene, indecent and pornographic material by Bill Handel. DATE: February 21, 2008 (as I recall, if not Wed Feb 20, 2008) TIME 8:45 a.m. (8:40 am to 8:56 a.m time-frame ) RADIO STATION: AM 640 (Los Angeles, California) RADIO SHOW: The Bill Handel Show - morning radio talk show (I reach it in the San Diego California area). VIOLATION: Use of obscene sexually explicit, indecent and pornographic subject matter. Specifically detailed discussion regarding a man having sex with a dog. In particular during the last 20 to 15 minutes of his weekly morning show. Bill Handel along with several of his morning staff in the studio. They made sexually explicit, obscene and indecent comments on this matter. They all laugh as they continue to elaborate with details and scenarios. It's unacceptable, indecent and in my opinion qualifies as pornographic material. Repeated violation; This is not the first time that Bill Handel has discussed this very same subject. He discussed this subject matter a few months ago during his weekend "Handel on the Law?" show on this same radio station. Furthermore, on both of these occasions Bill Handel says he thinks this is funny, as if it were ok or normal in our society. The subject matter is indecent and pornographic. And therefore illegal for radio. The station manager, producer and Bill Handel must all be held accountable. A hefty fine by the FCC should be levied. This is NOT the first time the Bill Handel has discussed this same obscene and indecent subject matter. Hopefully the fine will serve as a deterrent and send this and other public broadcasters a clear message that this is unacceptable, and we the public audience will not tolerate this. We do find it amusing. It is especially inappropriate given that a) normal morning hours of the show, and therefore b) any member of my family, and in particular children may be listening and/or overhear the radio. In addition, there should be a public apology on radio and on website's home page. I HEREBY EXPLICITLY REQUEST THAT THE BUREAU WITHHOLD MY NAME (PHONE NUMBER, ADDRESS ) FROM PUBLIC DISCLOSURE.

Complaint Summary

This morning, after listening to Senator Barack Obama's speech to America to challenge racism in order all Americans help forge this country into a "more perfect union", syndicated commentator Rush Limbaugh "Rushes" to the public airwaves to use the word "Nigger" as a reference to Sen. Obama. I heard him literally shout this word on KFI 640AM in Los Angeles, CA during the 9:00 hour, local time.

I have to say I was more than a little disappointed, in the wake of Don Imus' Rutgers controversy, and actor Michael Richards' drunken tirade in a comedy club, to hear your commentator Rush Limbaugh make a veiled reference to Presidential candidate Barack Obama as "President Nigger".

This word is incendiary for a specific reason. "Nigger", at the height of its usage in this country, meant to a black person that they were without culture, with a country, without a home, without humanity. This is why it was acceptable for whites to train water cannons on their fellow humans during the nascence of the Civil Rights era. These were niggers. They aren't human. We can abuse them.

Of course, Mr. Limbaugh will strut and hum that he is exercising his right to free speech, that he is being quoted out of

COMPLAINT FOR (b) (6), (b) (7) (C)

context, and all of the other dodges that racists use to escape responsibility.

What's more, Mr Limbaugh believes he is in a safe harbor because his audience is the very demographic that Sen. Obama issues a challenge to: resentful whites who want to be free to shout such epithets to the rafters, as he did in his program.

Mr. Limbaugh is wrong. On this nation's very public airwaves, his audience is America. Show him that America is willing, today, to repudiate and reject the acceptability of the word "nigger", in any context.

**Complaint Summary**

Rush Limbaugh's recent racial accusations against General Powell were inexcusable, and crossed the line between entertainment and offensive, divisive, racism. To imply that General Powell's endorsement of Senator Obama was "totally about race" is patently offensive, and diminishes General Powell's great service to this nation. More importantly, this type of language is filled with hate and in fact incites hate in others. It is dangerous to promote this hatred and division over the airwaves, and it is up to the FCC to regulate content within acceptable social norms.

This is to inform you that Bill Handel's comments regarding Armenians are utterly reprehensible and unacceptable. The comments were completely racist. How is this country going to be rid of racism if we have radio dj's like Bill Handel constantly saying racist comments about many ethnicity's and races. How is he still on the air? His comments on the 13th and 14th of May 2009 are completely inappropriate and he should at the very least have a formal apology or he should be fired. One of the many problems that this country has is racism and we aren't going to progress in this area if we have people like Bill Handel saying racist comments over the air. Please look into this matter. Thank You. (b) (6), (b) (7) (C)

COMPLAINT FOR (b) (6), (b) (7) (C)

To Whom It May Concern, This e-mail will serve as a notification of Mr. Bill Handel and his Co-host's remarks referring to the Armenian minority on May 13th and 14th, 2009. Mr. Handel recently suggested that reducing the U. S. population would save government money. This statement, was followed up with an extremely atrocious and loathsome comment by Mr. Handel and his co-host, "let's get rid of the Armenians, or let's sell Glendale" and, "what the Turks started, Bill will finish". Mr. Handel and his co-host's remarks are completely obscene, indecent, racist and morally wrong. These remarks demonstrate everything the United States of America does NOT stand for. The United States does not stand for racism, stripping people of human rights nor does it tolerate ignorant and repugnant behavior. Suggesting that, "Bill will finish, what the Turks started" is implying the threat and repetition of one of the most heinous crimes in the history of mankind. Further, on May 14th, Mr. Handel and his co-host continue their antagonistic and hostile behavior by mocking an e-mail that was sent by a listener. He continued to affirm, that he would like to "get rid of the Jews and Irish people as well". To insult and show contempt, the way Mr. Handle and his co-host did, exhibits discrimination, prejudice and bigotry. How can we tolerate and allow such conduct to be continued? For your convenience, please listen to the following link, which has been omitted from KFI AM 640 website: <http://www.burbankanc.org/KFI.mp3> We are all citizens in this country with the right of life, liberty and the pursuit of happiness. Mr. Handel and his co-host demoralize the founding principles that this country was built on. I urge the FCC to take this matter into urgent and immediate consideration. Thank you for your time and cooperation.

Bill Handel on his morning show made comments about selling Glendale, California- A city with a large Armenian population. Making comments along the lines of getting rid of the Armenians and even his co-host commenting, "What the Turks started, Bill will finish." Regarding the Armenian Genocide. Genocide is no joking matter and to publicly put down a group of people is not alright. Bill needs to see the consequences of his words. <http://www.facebook.com/l.php?u=http%3A%2F%2Fwww.burbankanc.org%2FKFI.mp3&h1e9bb99ef96c27443cbc6a6da5ed422> That link is a copy of the show. It is ridiculous that Mr. Handel can say something like this and not be punished or fined at all. I'm sure by now you have received quite a few complaints about this situation, but here is a quote from the show "What the Turks started. Bill will finish." This is not acceptable! This is a reference to the Armenian genocide in 1915.

Complaint Summary

COMPLAINT FOR (b) (6), (b) (7) (C)

To Whom it May Concern, This e-mail will serve as a notification of Mr. Bill Handel and his Co-host's remarks referring to the Armenian minority on May 13th and 14th, 2009. Mr. Handel recently suggested that reducing the U. S. population would save government money. This statement, was followed up with an extremely atrocious and loathsome comment by Mr. Handel and his co-host, "let's get rid of the Armenians, or let's sell Glendale?" and, "what the Turks started, Bill will finish?" Mr. Handel and his co-host's remarks are completely obscene, indecent, racist and morally wrong. These remarks demonstrate everything the United States of America does NOT stand for. The United States does not stand for racism, stripping people of human rights nor does it tolerate ignorant and repugnant behavior. Suggesting that, "Bill will finish, what the Turks started?" is implying the threat and repetition of one of the most heinous crimes in the history of mankind. Further, on May 14th, Mr. Handel and his co-host continue their antagonistic and hostile behavior by mocking an e-mail that was sent by a listener. He continued to affirm, that he would like to "get rid of the Jews and Irish people as well?" To insult and show contempt, the way Mr. Handel and his co-host did, exhibits discrimination, prejudice and bigotry. How can we tolerate and allow such conduct to be continued? For your convenience, please listen to the following link, which has been omitted from KFI AM 640 website: <http://www.burbankanc.org/KFI.mp3> We are all citizens in this country with the right of life, liberty and the pursuit of happiness. Mr. Handel and his co-host demoralize the founding principles that this country was built on. I urge the FCC to take this matter into urgent and immediate consideration. Thank you for your time and cooperation.

**Complaint Summary**

This is to inform you that Bill Handel's comments regarding Armenians are utterly reprehensible and unacceptable. The comments were completely racist. How is this country going to be rid of racism if we have radio dj's like Bill Handel constantly saying racist comments about many ethnicity's and races. How is he still on the air? His comments on the 13th and 14th of May 2009 are completely inappropriate and he should at the very least have a formal apology or he should be fired. One of the many problems that this country has is racism and we aren't going to progress in this area if we have people like Bill Handel saying racist comments over the air. Please look into this matter. Thank You. (b) (6), (b) (7) (C)

Bill Handel on KFI - suggested reducing the U.S. population to save the government money. Then came a wisecrack about starting with the Armenians and selling Glendale. One person who heard this called and e-mailed to complain. The upshot? The e-mail was read and mocked again no surprises. But then came ?What the Turks started, Bill will finish.? Imagine if similar comments were made against Jews or Blacks! They would turn the world upside down until they got justice! I, having many Armenian friends, am appalled to hear garbage like this on the radio.

Complaint Summary

COMPLAINT FOR (b) (6), (b) (7) (C)

the remark was " what the turks started with the genocide of armenians Bill will finish" (he will finish the armenian genocide to get rid of the armenian race) This is a threat against the armenian race that they are going to be exterminated as a race. This is an outrageous and a criminal offense made on the radio to millions of people. This needs to be investigated and prosecuted not is it only in poor taste but is a threat against a population that has had their great grandfathers, grandmothers, aunts, uncles home destroyed and people exterminated systematically by the Turks starting in 1880- and culminating in the 1.5 million people being exterminated and 800,000 being exported to the desert where they perished. It is horror beyond imagination that my grandfathers and grandmothers will never forget and yet this person has the intent and is expressing an opinion to carry on with the extermination to get rid of a race. The US attorney needs to prosecute this man and the KFI radio show should lose it's license for airing this kind of obscene and terrorist threat over the air waves. I would like to hear about what is being done about this matter. Thank you.

Complaint Summary

Radio host Bill Handel suggests to get rid of the Armenians and to "wipe out" Glendale, California. The female host comments that "What the Turks started, Bill will finish" eluding to the Armenian Genocide of 1915-1923 where 1.5 million Armenian men, women and children were systematically massacred by the Ottoman Turks. This is the equivalent of mocking the Holocaust or the Klan killings of African Americans. Suggestions like these incite people to violence against innocent people. This host should be forced to apologize or resign.

Complaint Summary

July 1, 2009

To Whom It May Concern

I have a questions about the First Amendment as it pertains to radio personalities. There is a radio program that is broadcast out of Burbank, Ca. It's in the Los Angeles ,Ca area its call letters are KFI 640 AM the show is "The Bill Handel Show" he on air from 5am- 9am Monday- Saturday except on Saturdays he gives legal advice. My dislike is that he makes racist jokes about all the races including his which he happens to be Jewish. I don't like to hear racist jokes about any race. I suppose you'll tell just don't listen I know I can do that the point is why is the Program Director Robin Bertulucci letting him do this? His program is highly rated in their broadcast area. Several years ago I wrote the program a letter because they had a engineer that is a native of Guam he use to refer to the Japanese people as Japs. After they received the letter that term was stopped. I've written emails to the show producer Michelle Kube nothing has stop.

What prompted me to write this letter he was talking about this morning July 1, 2009 he had a employee filling in that is a Lesbian so he talked about a caller that had call him a liar because he said he would be okay with his daughters if they said they were Lesbian as long as they didn't date Blacks that's going beyond the pale. If you choose to answer please no form letters. The station is owned by Clear Channel and is located at 3400 W. Olive Ste 550 Burbank, Ca. 91505

**Complaint Summary**

Handel was making comments about illegal immigrants and stated that he was going to ask his guest if he had his papers. His guest was named Post and Handel commented he believed his name was originally "Garcia", "or something Hispanic" and that he had "changed it". Handel made other incredibly ludicrous and racist remarks about all Hispanics. This man is in no ways concerned about immigration. He is as anti-Hispanic as Nazi Germany was anti-Semitic. This kind of hate speech should not be tolerated in this country. It fuels violence and obstructs justice. Please stop this racist broadcast tendency KFI has undertaken.

Complaint Summary

COMPLAINT FOR (b) (6), (b) (7) (C)

Yesterday on the Bill Handel show—the one he does from noon to two (not the early morning show) Bill Handel did a lengthy interview with a Madam—a woman who runs a Brothel in Nevada. He fully endorsed what she was doing, said that he thought it was great. Told her location, she was even allowed to tell people what exit to take to get there. Men called in to get advice about methods of payment, and a trucker called in to find out if she had parking for his truck. She even gave her prices (saying the low end started at \$100) then she went on to say that you can have a great time for just \$300. It was a full on info-commercial with a ringing endorsement for prostitution, and he kept her on for multiple segments. Would the FCC or KFI allow an hour long commercial for a Brothel on public airways? Well, that is exactly what happened yesterday with a giddy and supportive talk show host and a host of calls in support and getting specific info that would help them locate the Brothel, and what to expect when they got there. Sad I am a regular listener of both of the Bill Handel shows and even listen to the legal advice show on the weekends occasionally. It is unfortunate that he used his power and influence on such a prominent station to provide promotion and lend credibility to something that is illegal and an affront to the dignity and safety of women in the US and everywhere in the world, and it is especially out of line to do so when it is an illegal activity in the state he broadcasts from and even in most of the state where the Brothel is located. It is my belief that what he did under the guise of an interview turned into an unfettered info-commercial and a shameless promotion of such a deadly and shameful practice. (b) (6), (b) (7) (C)

**Complaint Summary**

There was discussion about the U.S. Census Bureau worker who was hanged in Kentucky while doing his job. The remark was made, "Oh well, his feet were touching the ground." When I attempted to call various phone numbers to discuss my concerns with KFI AM management, I was sent to a Website and hung up on. These people are notorious for making outrageous statements of an anti-government nature. But when they make fun of the death of a government worker, the line must be drawn. Sincerely,

Complaint Summary

COMPLAINT FOR (b) (6), (b) (7) (C)

(Anti-Hispanic, Anti-Black) remarks this is not (decent)!!! This is (profane) KFI AM RADIO and BILL HANDLE on the LAW and others. On Saturday October 10th, 2009 in the morning at the Morongo Casino, Riverside or San Bernardino County in California. I don't really remember the time. It was around 9am-11 am. What he said about Hispanics and Blacks. Please listen to the show. Get a copy of the live show he had. He did not say anything about Indians. Please get a copy of his show and listen to this unnecessary, uncalled for, Anti Hispanic, Anti Black word. He did not have to say what he did. But you can hear it in his voice that this (white) man was (very) (proud) I was shocked. This needs to stop to me it was not (decent) it was (indecent) and (profane). I'm Hispanic and I don't like it. I was angry and will do everything to expose KFI as Anti Hispanic and Anti Black. I'm tire of this Anti Hispanic Anti Black station. You don't know how I (feel). I'm Angry. I have been listening to this radio station just to monitor this show and they have not (stopped) with there racial speech. I know I'm probably wasting but had to say this anyway. I CAN NOT HELP YOU. YOU NEED TO GET A VOICE COPY so you can hear it for yourself. After this you will not hear from me. I DO NOT WANT TO BE CONTACTED BY EMAIL YOU NEED TO GET A COPY OF THE SHOW TO (HEAR) AND LISTEN TO THE SHOW. YOU are the Fcc and you can get a copy from the radio station.

**Complaint Summary**

While listening briefly to the program I heard Dr. Ben Chavis author of Crazy Like a Fox call Mexicans, Blacks and Native Americans darkies. Handels next guest Petros Papadakis then referred to Fernando Valenzuela, pitching phenomena for the 1980's Dodgers, as an illegal alien. Handel has made statements before reflecting his belief that all Hispanics are some how in America illegally. This is a concern This is hate speech. This is not protected speech. This is a radio talk show heard nationwide, not an alcohol drenched barbeque in Handels back yard.

**Complaint Summary**

John and ken were talking about L.A. DWP salary levels and one started about when he was playing tennis and some "stupid, illegal alien, leafblower guy" had blown dust into their tennis game and how the announcer (John or Ken) wanted to "pound him to a pulp with his tennis racket". This is hate speech. The announcer suggests that because the worker was Hispanic he was an illegal alien. That was not enough for KFI, he then threatened to kill or do harm to this person because of his ethnicity. This is hate speech. How different is it from him stating he wanted to hang a black person, burn a cross in a black or ethnic persons yard? Why is this tolerated from KFI. More often than not all that is broadcast is hate speech towards Hispanics. What is going on?

Complaint Summary

Mr Hoffman allegedly read a news item about a man whose last name was presumably Singh, of Indian origin. In the story, Mr Singh was murdered on his last day at work at a 7-11 store in Kansas City, and what made the incident all the more tragic, Mr Hoffman continued, Singh was also the father of two children aged 7 and 9 years. Hoffman and his on-air cohorts repeatedly ridiculed and denigrated Mr. Singh for being stereotypical Indian in America for WORKING at a 7-11 store while being of Indian origin. The entire on-air crew laughed openly on-air as if murder is funny and logical, especially when it happens so tragically to an Indian. Pathetic. In my humble opinion this station should be fined a 7-figure amount and 90% of the fine should be forwarded to Mr Singh's survivors, unless KFI made up or recycled the story, in which case the penalty should be awarded primarily to the Indian equivalent of the Jewish Anti-Defamation League. It is shocking and offensive to me that a well-paid on-air host would promulgate such pathetic, immature, borderline psychotic hate speech as if it represents 'comedy'. There was nothing funny about it. It is simply a part of a pattern of overt bigotry and class-ism that represents the norm on this station. I have never filed an FCC complaint before, but this is totally intolerable material broadcast on the public airwaves. I would appreciate a written follow-up report on your investigation of this sad broadcast incident.

**Complaint Summary**

Rush Limbaugh, "It could well be, ladies and gentlemen, that we're fighting the wrong enemy in the Middle East. Maybe the real terrorists that we face are on Capitol Hill. I mean, really, who's doing as good a job to undermine what this country stands for as the terrorists? 'Dingy' Harry, Nancy Pelosi. I mean, look if they call us 'hostage takers' and 'gangsters,' then why can't we call them what they are? They are terrorists." Rush Limbaugh is using language meant to incite hatred and retaliatory action. To call two United States Senators terrorists is not "entertainment"; it is "code" for "these people need to be taken out." Rush Limbaugh's propoganda is obscene. His assertions are profane. He is an indecent person not fit for adults to listen to, much less any poor helpless and trapped children or adolescents. Please you must intervene and take seriously what he is agitating his listeners into doing. He is a hateful lying public person who by his access to mass media is seeping into the psyche of the listeners and his message is obscene. Terrorists Terrorists Terrorists. If he repeats this over and over enough, someone will believe it, and then the probability of some heinous act being committed goes up. We know historically that there are people on the edge vulnerable to tipping over due to the influence of a public figure. The abortion doctor, George Tiller is a fine example of what happens when the American Imams, e.g., Limbaugh, Beck, Coulter, are allowed to spew unchecked vile vile accusations. Please. Don't let this incident go uninvestigated or unpunished. Thank you.

I am not a prude and I am the first person who loves edgy programming, but there is a point when it does go too far. On Saturday evening at approximately 4:45-5 p.m. Lisa Ann Walter went way too far and I hit the "off" button. Her discussing how women "pleasure themselves" and encouraged callers to discuss the subject was offensive. Discussion about women "pleasuring themselves" is inappropriate especially during a time period when minors may be actively or within earshot of the sound of the station. Thank you for considering my viewpoint.

COMPLAINT FOR (b) (6), (b) (7) (C)

John and Ken were ranting about the Dream Act. 2 rabid callers called in and made derogatory comments about "Mexican children" one claiming to be a preschool teacher. John or ken then commented about a "Mexican Caucus" in the California state senate. They then called senator Salcedo as a "Mexican legislator". They commented about "Mexican legislators" not representing Americans or Mexican-Americans. These comments are inherently racist, biased, ethnocentric, and just plain offending. They then commented on how Rep Gabrielle Giffords had no idea of what she was doing when signing the Dream Act. In between they ranted about the Fullerton Police beating a schizoid, homeless, white supremacist nazi to death after he attacked the police officers. The John & Ken show is racist, patently defective, offending to any form of intellect, and should be taken off the air.

John & Ken Show;

\* Please include below as many details about the program as possible in order to help the FCC determine whether the material was obscene, profane, and/or indecent (such as specific words, language, images, etc.).

At the date listed above at approximately 6:10 p.m., the hosts, John Robylyt and Ken Chiampou, engaged in foul and profane language that I found extremely offensive. At one point earlier in the show, one of them used the term "pissed off." I don't need to be assaulted by that kind of crude, vulgar, gutter language, especially when I am in my car with my grandchildren. Later, at the approximate time listed above, one of them took the Lord's name in vain several times, exclaiming "Christ" at one point and then "Jesus Christ" a minute or so later. It was not used reverently but as a blasphemous profanity. I resent
