TO: Office of the Secretary  
Attn.: Chief, Video Division

**PETITION FOR RECONSIDERATION**

Budd Broadcasting Co., Inc. (“Budd”), by its attorneys, requests reconsideration of the February 10, 2015 letter signed by the Deputy Chief, Video Division. In that letter, the WFXU(DT) license was cancelled. In the letter ruling the Commission stated that it had no evidence that WFXU has been on the air between August 4, 2008, when it went silent, and November 15, 2009, when it resumed operations.<sup>1</sup> The Commission stated the following:

“The automatic expiration provision of Section 312(g) of the Act is clear. This means that absent any evidence to the contrary provided by Licensee, WFXU(DT)’s license expired on August 4, 2009 – following a consecutive 12-month period of silence.”

---

<sup>1</sup> Budd filed a Notification of Suspension of Operations and Request for Silent STA on August 12, 2008 (BLSTA-20080812AAR) stating that the station had gone silent on August 4, 2008 due to issues with its transmitter. On November 16, 2009, Budd filed a letter with the Commission stating that it had resumed operations on November 15, 2009.

ORIGINAL

As will be demonstrated, WFXU was never off the air for a consecutive twelve (12) month period. Thus, reconsideration and reinstatement of the WFXU(DT) license is mandated. In support, Budd submits the following:

The Commission is focusing on the period of time commencing August 4, 2008 and terminating August 4, 2009.

Attached to the instant submission are the following:

- a) Declaration of Harvey M. Budd (Attachment A). Mr. Budd is the president of Budd Broadcasting Co., Inc. In that Declaration, Mr. Budd states that during the period between August 4, 2008 and August 4, 2009, WFXU was not continuously silent;
- b) Declaration of Robert Carr (Attachment B). Mr. Carr is a technical consultant to Budd. Mr. Carr in his statement recalls that during the period in question (August 4, 2008 – August 4, 2009), WFXU resumed operations, specifically, October 2008 and November 2009.
- c) Attachment C is a Service Summary from Suwannee Valley Electric Cooperative. Budd is the customer on the account. It is clear that in October/November 2008, the meter reading was 12265 and the prior reading was 7059. The November/December reading was 3650 and the prior reading was 1036. These differences are due to the station resuming broadcast operations.
- d) Attachment D is a Consumption History Report from Suwannee Valley Electric Cooperative. It shows increases during the months when WFXU was operating. See, for example, the meter reading taken in August 2009 (this was a reading covering the prior thirty (30) days).

It is clear from the foregoing that WFXU-TV was not off the air for a consecutive twelve (12) month period. Thus, Budd did not violate the mandate of Section 312(g) of the Communications Act. Accordingly, reconsideration and reinstatement is required.<sup>2</sup>

Respectfully submitted,

BUDD BROADCASTING CO., INC.

**DECLARATION OF HARVEY BUDD**

Harvey Budd, president of Budd Broadcasting Co., Inc., hereby states under penalty of perjury the following:

I have reviewed the Commission's February 10, 2015 letter. The Commission questions whether WFXU was silent for a consecutive twelve (12) month period. Specifically, the period between August 4, 2008 and August 4, 2009. I can categorically state that during a portion of this period, WFXU did broadcast. In this regard, I was cognizant that the station could not be silent for a consecutive twelve month period. I was aware of the consequences – automatic cancellation of the license. Accordingly, I instructed my technical consultant, Robert Carr, to put the station back on the air prior to August 4, 2009. Furthermore, the station broadcast a public affairs program when it returned to the air.

To refresh my recollection, I have reviewed the Kilowatt Usage Summary and Consumption History provided by Suwannee Valley Electric Cooperative. It is evident, based on spikes in consumption, that WFXU was operating in October/November 2008 and November/December 2008. Thus, during the period in question, the station did resume broadcast operations on two (2) occasions.
