To Whom it may Concern,

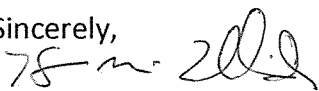

I am a small business owner in downtown Clatskanie on the beautiful Clatskanie River. I have lived here for 24 years and married a 5th generation Clatskanite, so my understanding of Clatskanie runs deep.

The City of Clatskanie is going through a renaissance. Where there once were just mill jobs, we now have a diversified approach to employment and economic development.

With the new statistics touting "everyone is moving to the Pacific NW, preferably Oregon" it has become very apparent that Clatskanie is getting "new folk" in town. They are coming to sustainably farm, to cultivate home-based businesses, and to work as a temp laborer out at our "soon to become one of America's #1 fossil fuel ports, Port Westward".

Because of all these exciting changes that are occurring right now in Clatskanie, the need for a radio station is greater than ever before. There has always been a need, but the people needed to get something like this going, hadn't moved here yet. They are here now, so Clatskanie is ready and waiting.
Please don't give our frequency away.

Sincerely,

Kris Lillich
