Gentlemen:

This refers to your attorney's letter dated March 13, 2015, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that KENW digital television transmitter continues to broadcast quality standard and high definition audio and video streams to the viewing public, but at a reduced power level of approximately 30% of normal ERP of 82.6 kilowatts due to equipment failure. You state that reduced power operations will continue to be necessary while the applicant is trying to resolve the issue and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until October 7, 2015 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
