Dear Ms. Dortch,

I represent a group in Clatskanie, called Clatskanie Forward which is working to refresh and revitalize our community by encouraging local efforts to bring home grown jobs to our town. We are striving to create local businesses and support local artisans and crafters.

I am writing in reference to your Dec.18 decision, DA 14-1859. Threshold Communications wishes to move FM Channel 225C3 from Clatskanie to Napavine, WA. I hope that does not happen, and I will tell you why.

Clatskanie is is a town in transition. Many groups are working to build community in our town in many ways.

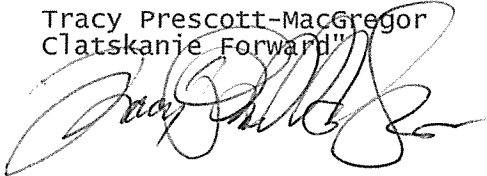

We have begun to partner with other groups and formed a very successful Farmers Market. We are working on a small local Permaculture Forest. We are partnering with our school board to create trails and outdoor activities in our local forested area. Among all these plans we also are trying to work with others to create a radio station.

We feel strongly that our allotment of radio channel continue to stay saved for Clatskanie. We are expanding efforts to build local businesses and would like to continue to hold the allotment for a possible future radio station here of our very own.

Thank you for considering these points. If you have any questions, please contact me. I would be happy to help you.

Sincerely,

Tracy Prescott-MacGregor
Clatskanie Forward"
