Board of Education, Bloomfield Hills School District
Facility Identification Number: 5872
Special Temporary Authority ("STA")
BESTA-20150408AAB

Dear Licensee:

This is in reference to your request filed April 8, 2015, for the Board of Education, Bloomfield Hills School District ("BOE-BHSD"). BOE-BHSD requests a second extension of the special temporary authority ("STA") granted April 14, 2014 to operate station WBFH at reduced power and a changed transmitter site, due to continuing construction at the high school site. The licensee continues to seek a permanent site for the station.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, WBFH may operate from the licensed transmitter site and antenna system with the following facilities:

Geographic coordinates: 42° 35' 28" N, 83° 16' 02" W (NAD 27)
Channel 201A (88.1 MHz)
Effective radiated power: 0.032 kilowatts (V only)
Antenna height:
 above ground: 11 meters Mounted on a mast atop a school building
 above mean sea level: 285 meters
 above average terrain: 30 meters

BOE-BSHD must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on October 13, 2015.

Sincerely,

Dale Bickel
