300 East Crystal Lake Road  
Twin Lake, MI 29457

Re: WBLV (FM), Twin Lake, MI  
Blue Lake Fine Arts Camp  
Facility Identification Number: 5902  
Special Temporary Authority (STA)  
BSTA-20150424AAT

Dear Licensee:

This is in reference to the request filed April 24, 2015, on behalf of Blue Lake Fine Arts Camp ("BLFAC"). BLFAC explains that the station's licensed antenna was damaged in a lightning strike on April 17, 2015. BLFAC requests an STA for WBLV to continue operating at reduced power from a standby antenna until repairs are completed.

Section 73.1680 of the Commission's rules provides for operation with emergency antenna facilities following damage to authorized antenna systems, provided that an informal request for continued use of an emergency antenna is filed with the Commission within 24 hours. In particular, Section 73.1680(b)(2) provides that FM and TV stations may erect any suitable radiator, or use operable sections of the authorized antenna(s) as an emergency antenna.

Accordingly, the request for STA IS HEREBY GRANTED. Station WBLV may continue to operate from its licensed site with the following facilities:

Channel	212 (90.3 MHz)
Effective radiated power:	10 kilowatts (H&V)
Antenna height:	
above ground:	104.7 meters
above mean sea level:	347.4 meters
above average terrain:	103.6 meters

BLFAC must notify the Commission when licensed operation is restored. BFLAC must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **October 24, 2015**.

Sincerely,

A handwritten signature in black ink, appearing to read "Dale Bickel". The signature is fluid and cursive, with the first name "Dale" and last name "Bickel" clearly distinguishable.

Dale Bickel  
Senior Engineer
