Re: KCHG (FM), Cedar City, UT
Calvary Chapel Cedar City, Inc.
Facility Identification Number: 174281
Special Temporary Authority
BESTA-20150506ACU

Dear Licensee:

This is in reference to the request filed May 6, 2015, on behalf of Calvary Chapel Cedar City, Inc. ("CCCC"). CCCC requests an extension of the February 6, 2015 Special Temporary Authority (STA) for continued operations at reduced power, until a new power generator can be installed and repairs completed.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

CCCC's request indicates progress, but additional time is required to resolve the transmitter issues. We conclude that an extension of the STA is justified.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station KCHG may continue to operate at reduced power. CCCC must notify the Commission when licensed operations are restored. CCCC must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **November 3, 2015**.

Sincerely,

A handwritten signature in cursive script, appearing to read "Dale Bickel".
