In re: W252AW, Chicago, IL  
BPFT-20150601ABG  
Facility ID # 149046

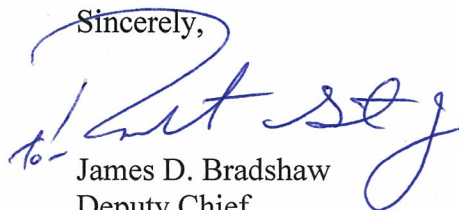

Dear Applicant:

This refers to: (1) the above-captioned application for W252AW, Chicago, Illinois.

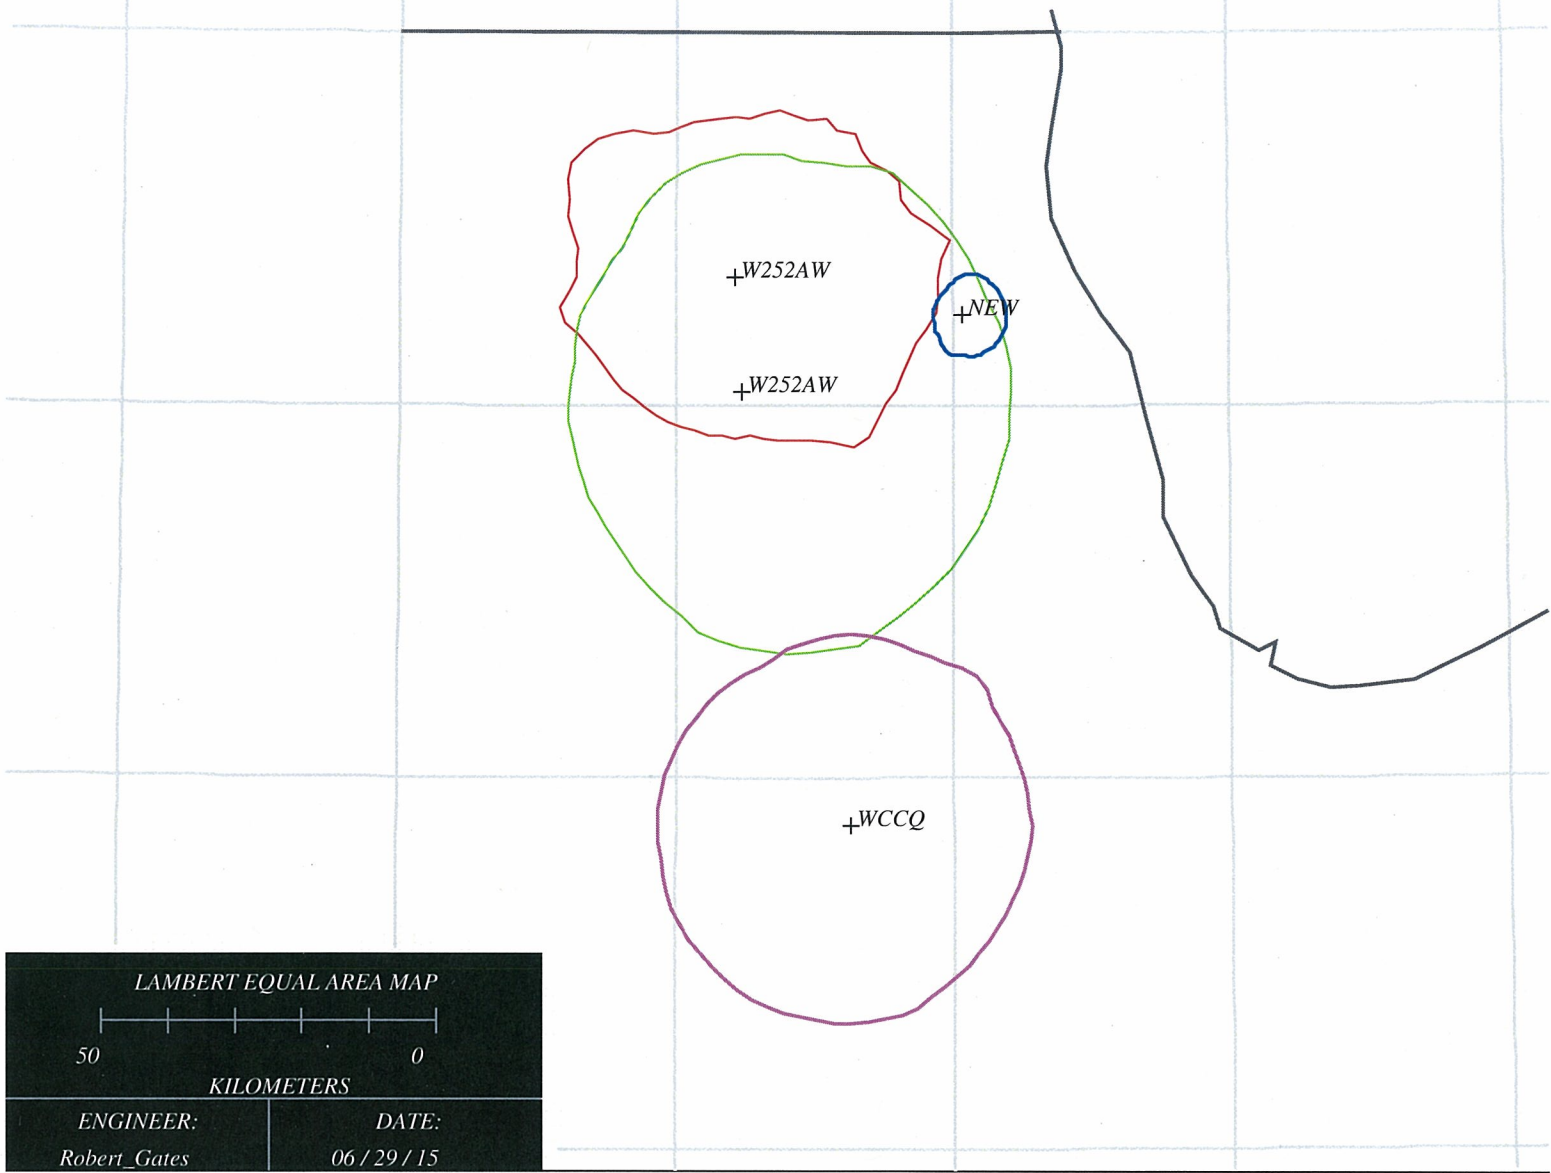

An engineering study has revealed the application violates 47 C.F.R. § 74.1204(a) with respect to WCCQ(FM), Crest Hills, IL (BLH-20000301ABY) and a NEW LPFM, Chicago, IL (BNPL-20131114AYJ). Section 74.1204(a) states that an application for a FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. The proposed 40 dBu interference contour overlaps with the 60 dBu protected contours of WCCQ(FM) and the NEW LPFM station. This violation was not addressed.

In light of the above, the application BPFT-20150601ABG is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Bradshaw", is written over the word "Sincerely,".

James D. Bradshaw  
Deputy Chief  
Audio Division

No topographic data is available for this location.  
 A1 - Number of radials where free space equation was used for field strength calculations.  
 A7 - Number of radials where a HAAT less than 30 meters was adjusted to 30 meters.
