

July 7, 2015

Dear Mr. Doyle:

I encourage you to renew the license of our local radio station, KZYX in Boonville, CA.

I support the current management and want to offset the lies and personal attacks, frivolous and false accusations which may have been brought to your attention.

This local broadcast station is a valuable resource for our community. We even take it for granted, as one does with those we love.

Please renew and ensure the continuation of our station's license.

Thank You for your attention to this matter.

Helen Szymore
