Re: KNWP (FM), Port Angeles, WA
Washington State University
Facility Identification Number: 81161
Special Temporary Authority
BESTA-20150717AAM

Dear Licensee

This is in reference to the request filed July 17, 2015, on behalf of Washington State University ("WSU"). WSU requests an extension of the Special Temporary Authority (STA) granted February 6, 2015, for continued operation at reduced power pending the resolution of transmitter issues.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

The request for STA extension IS HEREBY GRANTED. Station KNWP may continue to operate with reduced power. WSU must notify the Commission when licensed operation is restored. WSU must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on February 1, 2016.

Sincerely,

Dale Bickel
Senior Engineer
Audio Division
Media Bureau
