Special Temporary Authority (STA)
BSTA-20150409AAO

Dear Licensee:

This is in reference to the request filed April 9, 2015, on behalf of Educational Media Foundation ("EMF"). EMF explains that KDKL was found to be operating with facilities at variance to the station's license, and Special Temporary Authority was requested for continued operation.

In addition to coordinate and site elevation discrepancies, the STA request suggested that the directional antenna may not have been mounted in accordance with the manufacturer's instructions and that some pattern distortion could result. Because it is unclear what the impact might be on other licensees, processing on the STA request has been held up for clarification of the station's actual operating parameters, or the filing of a corrective minor change construction permit application on FCC Form 340. Neither of these has yet materialized. Therefore, we request an update to more clearly define the station's actual and present operation.

This update should be filed through the Office of the Secretary, FCC. Failure to respond by September 7, 2015 will result in the dismissal of this STA request without further consideration.

Sincerely,

Dale Bickel
