In re: Common Ground Broadcasting, Inc. (CGB)
WTBN (AM), Pinellas Park, FL
Facility Identification Number: 51985
Special Temporary Authority (STA)
BESTA- 20150721ABI

Dear Mr. Henderson:

This is in reference to the request filed on July 21, 2015. CGB requests further extension of the STA originally granted on December 6, 1994, for operation with an increased nighttime power of 10 kW to overcome Cuban interference.¹ In support of the request, CGB stated that the Cuban interference continues.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

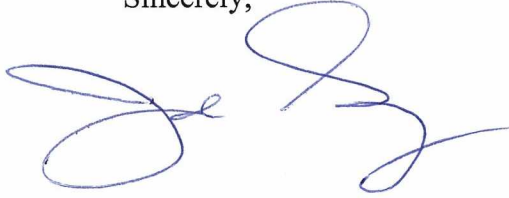

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WTBN may continue to operate with 10 kW at night. This authority is subject to termination upon reduction of power or cessation of operation by the Cuban operation or upon Commission

¹ WTBN(AM) is licensed for DA operation on 570 kHz with 5 kW using different patterns, day and night.

instruction to return to operation per the most recent license (BML-20100506AGM). CGB must reduce power if interference complaints are received.

This authority expires on **February 17, 2016**.

Sincerely,

A handwritten signature in blue ink, appearing to be 'J. Szczesny', with a large loop at the end.

Joseph Szczesny, Engineer
