[Handwritten notes]

Dear Commission:

KASU is transmitting at reduced power (approximately 70%) due to a malfunction that occurred 8/19/15.

We are working diligently to restore full power, and we will provide notification as soon as the repair is completed.

If the reduced power condition shall extend beyond 30 days, KASU will submit a request to the FCC for such additional time as deemed necessary to correct the malfunction.

Sincerely,

Eddy Arnold
Engineering Communications Facilities Director
