Re: my past complaint regarding KZYX/KZYZ, Philo, CA 95466
and their license renewal
Attention: Mr. Peter Doyle, FCC, Washington DC

Dear Mr. Doyle,
Regarding my past complaint to the FCC regarding radio
station KZYX/KZYZ, P.O. Box 1, Philo, CA 95466
WISH to revoke it & remove it from the record.

I was remiss in filing a complaint against
KZYX/Z and against the renewal of their license.
I was encouraged and swayed by a group of
dissenters to join with them. I did not realize that I
was jeopardizing this station's license, by my complaint.

I was upset (and still am) that I was fired from
this station, & was never allowed a grievance
procedure or hearing. However, I do not ~~think~~ agree
that KZYX/Z should not be licensed. It is basically
a good station & good community resource which
should be preserved, licensed & renewed. It would
be a shame to lose this radio station.

I will continue to work toward more inclusion,
more transparency & more democracy at this
excellent, important station. I have faith that
it can grow and change, with our participation & support.

Please remove my name from the list of people →

FCC Mail Room

who are challenging their license renewal.
I support KZYX/Z financially and any other way
that I can, and will continue to do so.

~~I regret my former complaint against this
Station. I revoke it. Please renew their License.~~

Thank you very much.
