Re: WTLN (AM), Orlando, Florida  
Facility Identification Number: 48731  
Pennsylvania Media Associates, Inc. (PMA)  
Special Temporary Authorization (STA)  
BESTA-20150812ABG

Dear Mr. Henderson:

This is in reference to the request filed on August 12, 2015. PMA requests further extension of the STA granted on July 28, 2010, to operate with an increased nighttime power of 10 kW to overcome interference from station CMBD, La Habana, Cuba.<sup>1</sup> In support of the request, PMA confirmed that the interference situation continues.

Accordingly, the request for extension of STA is hereby GRANTED, and station WTLN may continue to operate with a nighttime nominal power not to exceed 10 kW. It will be necessary to reduce power or cease STA operation if complaints of interference are received. PMA must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. This authority will terminate automatically upon cessation of the unregistered operation by station CMBD, or by official Commission notice to PMA to resume licensed operations. Otherwise this authority expires on **March 17, 2016**.

Sincerely,

Joseph Szczesny, Engineer  
Audio Division  
Media Bureau
