Dear Mr. Littman:

This firm is counsel to Eastern Kentucky University. In response to Mr. Joel Kaufmann's letter of March 2, 2007 and to conform to the FCC's ex parte, informal objection and service rules, a copy of Eastern Kentucky University's ("EKU") February 23, 2007 objection to the above-captioned application is hereby served upon the applicant, Educational Community Radio, Inc. Also provided herewith is a certification as to proof of service.

Should there be any problem in your receipt of these materials, please advise the undersigned.

Sincerely,

Joseph C. Chautin, III
Counsel for Eastern Kentucky University

Subject: Re: File No. BPED-20070122AKE

Mr. Bradshaw,

Our consultant has advised us of an apparent overlap of protected contour in the application by WOBO, file number BPED-20070122AKE, for a minor change in facilities.

This is to notify the Commission that WEKU, BRED-20040325ABE, opposes the application as filed.

WOBO, Batavia, Ohio operates as a class B noncommercial FM at 88.7 MHz.; first adjacent lower to WEKU 88.9 MHz. Richmond, Kentucky. WEKU is licensed as a C1 station. WOBO proposes a transmitter site 122.422 Km distant from the existing WEKU transmitter site and has proposed a directional antenna. It is our contention that WOBO has not provided adequate contour protection to WEKU as specified in section 73.509.

Please find attached a 3 arc second map of the proposed interfering contours from the WOBO application data.

David Greenlee
