Dear Licensee:

On October 28, 2015, you filed license application BLH-20151028AEC to cover construction permit BPH-20140528AFI. Program test authority was granted November 9, 2015 to operate WWON-FM in accordance with the construction permit until processing on that license application was completed. However, processing on that application is on hold pending the filing of a Form 302-AM to cover changes to WWON (AM).

On November 12, 2015, you filed a second license application under the callsign WWON-FM, with the file number BLH-20151113ADQ. This application appears to be essentially a duplicate of the earlier filing. Accordingly, we find that the second application is redundant and unnecessary, and it is DISMISSED. This action does not disturb the October 28 filing, which will be processed in due course.

Sincerely,

Dale Bickel
