**RE: WKSJ-FM (ID# 27422)—Pulaski, TN—BPH 20150702AAL**

Good Morning:

This is reference to the pending application for a change of transmitter site and community of license for WKSJ-FM in file BPH-20150702AAL filed originally by Lakewood Communications LLC and now Radio 7 Media, LLC as a result of an assignment of license in file number BAL 20150616ACR.

On August 25, 2015, the staff sent a letter (*see attached*) requesting additional information for the pending application. There were several questions about the proposed site and spacing for the new location to Pulaski, TN, which has no FM station at the present. In view of the fact that the new licensee, Radio 7 Media, LLC just recently was assigned the license and desires to move the station as originally filed, it is hereby requested that the Commission grant an additional 45 days to respond and file an amendment as needed. The consulting engineer, Laura Mizrahi, has been in touch with the staff concerning the matter and feels that she can complete the amendment in the 45 day period herein requested.

Therefore, please extend the responsive amendment period 45 days from the receipt of this letter in order to allow for the new licensee and consultants to resolve the issues raised in the letter from the staff dated August 25, 2015.

Also, please show the undersigned as the Counsel of Record for WKSJ-FM for this application. This will be reflected on the amendment. In the meantime should you have any questions

concerning this matter, please contact the undersigned for clarification. The initial consulting engineer remains the same.

Kindest regards,

Larry Perry  
Communications Counsel  
for Radio 7 Media, LLC
