Re: Church of the Word (CW)
WFDF(AM), Farmington Hills, MI
Facility Identification Number: 13664
Special Temporary Authority (STA)
BESTA-20151109FTA

Dear Mr. Adell:

This is in reference to the request filed on November 9, 2015. CW requests an extension of the STA granted on May 22, 2015, to operate station WFDF(AM) with parameters at variance from its licensed facility to allow time to complete a Method of Moments proof.¹ In support of the request, we noted that CW filed an FCC Form 302 application (BMML-20151109FXM).

Accordingly, the request for extension of STA is hereby GRANTED and station WFDF(AM) may continue to operate with licensed power levels and the substantially adjusted Method of Moment parameters. It will be necessary to further reduce power or cease operation if complaints of interference are received. CW must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. CW must file a one page letter with the Commission to the attention of supervisor engineer Son Nguyen after licensed operations have been resumed, since we anticipate a grant of BMML-20151109FXM before the expiration date shown below if no problems are found.

This authority expires on **May 8, 2016**.

Sincerely,

Joseph Szczesny, Engineer
Audio Division
Media Bureau
