Re: KWJC (FM), Liberty, MO
William Jewell College
Facility Identification Number: 72478
Special Temporary Authority
BSTA-20151208AAW

Dear Licensee:

This is in reference to the request filed December 8, 2015, on behalf of William Jewell College ("WJC"). WJC requests an extension of the June 10, 2015 Special Temporary Authority (STA) for continued operations at approximately 25% of licensed power. WJC has made substantial progress toward restoring licensed operation but there is a little more to do.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

The request for STA extension IS HEREBY GRANTED. Station KWJC may continue to operate with reduced power as needed. WJC must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. WJC must advise the Commission when licensed operations are restored.

This authority expires on **June 14, 2016**.

Sincerely,

A handwritten signature in black ink that reads "Dale Bickel". The signature is written in a cursive style with a large initial "D" and a long, sweeping underline.

Dale Bickel
Senior Engineer
