ORIGINAL

Dear Ms. Dortch:

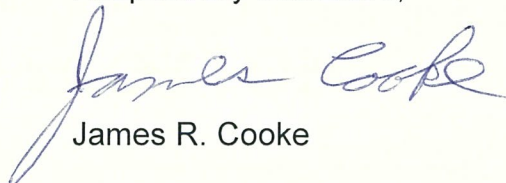

KMB Broadcasting, Inc., licensee of Stations WDBC and WYKX, Escanaba, Michigan, by its counsel, hereby advises the Commission that the transfer of control of the licensee's parent corporation, Delta Broadcasting Company, authorized in BTC - 20150429ABO and BTCH - 2015429ABP, was consummated on October 20, 2015.

The licensee notes that the mechanics of this transfer of control were **slightly** different than proposed in the applications in that, on the advice of tax counsel (based upon the August 20, 2015, collapse of the tower of Station WYKX), the corporation redeemed the shares of the Christine P. Dean Trust (reducing the shares outstanding from 911 to 832) without issuing an equivalent number of new shares to Betsy and James Cooke. This change was made with the knowledge and consent of the Trustee.

The result was **precisely** the same as proposed in the applications: Betsy Cooke continues to hold 425 shares, or 51% of the 832 shares now outstanding; and James Cooke continues to hold 407 shares, or 49% of the 832 shares now outstanding.

The licensee regrets any inconvenience caused the Commission staff by its failure to timely confirm the consummation of this transaction. The reporting requirement was overlooked in the course of the major efforts to resume interim operation of Station WYKX and prepare for rebuilding the station's authorized facilities (see BPH - 20151231AAR).

Respectfully submitted,

  
James R. Cooke
