Re: Bicoastal Media Licenses IV, LLC  
FM Translator Construction Permit for K264BN  
Facility Id. No. 148192  
Cook, WA  
BPFT-20160129AHD  
Tolling Request

Dear Ms. Dortch:

This tolling request is filed on behalf of Bicoastal Media Licenses IV, LLC (“Bicoastal”), permittee of the above-referenced translator, and licensee of KEDO(AM), Longview, Washington (Facility ID No. 38379), the proposed primary AM input station. Bicoastal requests that the deadline to construct the translator be tolled until the Commission acts on the application filed today to modify the translator pursuant to the 250-mile waiver of the minor change rule as provided in the AM Revitalization Order.<sup>1</sup> See FCC File No. BPFT-20160129AHD.

Footnote 36 of the AM Revitalization Order provides that a “waiver of an Auction 83 FM translator construction deadline is presumptively in the public interest for applicants participating in one of the modification windows, provided that the AM station licensee proposing to use the FM translator for rebroadcasting its AM station commits to prompt FM translator station construction and initiation of broadcast operations.” The above-referenced translator was initially applied for as part of the Auction 83 FM filing window (see FCC File No. BNPFT-20030317BSD). The construction permit will expire

<sup>1</sup> *Revitalization of AM Radio Service*, First Report and Order, Further Notice of Proposed Rule Making, and Notice of Inquiry, FCC 15-142, note 36 (rel. October 23, 2015) (“AM Revitalization Order”).

April 24, 2016. Per the attached certification, Bicoastal hereby commits to prompt construction and initiation of broadcast operations if the modification application to allow KEDO to use the translator for fill-in service is granted.

As a result, Bicoastal respectfully requests a waiver of Sections 1.3 and 73.3598 of the Commission's rules to toll the current expiration date of the permit. After processing of the modification application is completed, Bicoastal requests that six months be added to the number of days currently remaining on the construction period for the permit.

If there are any questions concerning this submission, please contact the undersigned directly.

Sincerely,

Melodie A. Virtue
