Re: Request for Waiver of 47 C.F.R. § 73.3598
Edgewater Broadcasting, Inc.
FM Translator Station W287BY, Rockford, Illinois
Facility Identifier Number: 151837

Dear Ms. Dortch:

Edgewater Broadcasting, Inc. ("Edgewater"), permittee of FM translator station W287BY, Rockford, Illinois, together with Angelo Joseph Salvi ("Salvi"), the proposed assignee of W287BY, hereby request a waiver (47 CFR §1.3 and §73.3598) of the construction deadline for the W287BY construction permit pursuant to Note 36 in the *First Report and Order, Further Notice of Proposed Rule Making and Notice of Inquiry* in MB Docket No. 13-249, *Revitalization of the AM Radio Service*, 30 FCC Rcd 12145 (2015). Note 36 states that waivers of the Auction 83 FM translator permit deadlines are "presumptively in the public interest for applicants participating in one of the modification windows, provided that the AM station licensee proposing to use the FM translator for rebroadcasting its AM station commits to prompt FM translator station construction and initiation of broadcast operations."

W287BY has a permit that was granted as a result of the Auction 83 window filings (see, BNPFT-20130304AAJ), and the permit is scheduled to expire on April 12, 2016. This permit is being sold to Salvi, and a separate application (BAPFT-20151102ATF) is pending for consent to the assignment of the W287BY construction permit from Edgewater to Salvi. Edgewater has separately filed a 250 mile window application (BMPFT-20160203ABQ) to relocate W287BY in order to rebroadcast AM station WLUV, Loves Park, IL. Edgewater has a rebroadcast consent agreement with Salvi, the licensee of WLUV.

Accordingly, Edgewater and Salvi respectfully request a waiver of 47 CFR §1.3 and §73.3598 to toll the construction deadline of the permit for W287BY for the maximum time allowable after processing of the pending modification application filed in the 250 mile window is complete.

Very truly yours,

Steven Atkin
Executive Director
