Facility ID No.: 195616
Calvary Chapel Pompano Beach, Inc.
BMPL-20160303AAP

Dear Applicant:

The staff has under consideration the above-captioned application for a modification to a construction permit.

In addition, an engineering study has revealed a discrepancy with the site elevation above mean sea level ("SEAMSL") proposed in the application compared to that on the tower registration record. The application indicates a SEAMSL of 5.5 meters. However, the tower registration record (#1036739) specifies a SEAMSL of 3.1 meters. This discrepancy must be eliminated. Therefore, if the SEAMSL is 5.5 meters, the applicant must amend the tower registration record. If the SEAMSL is 3.1 meters, the applicant must amend all pertinent parts of the application to indicate the correct site elevation above mean sea level.

Further action on the subject application will be withheld for a period of thirty days from the date of this letter to provide an opportunity to respond. Failure to respond within this time period will result in the dismissal of the application pursuant to 47 C.F.R. § 73.3568(b). Please note that amendments must be filed in the same manner as the original application.

Sincerely,

James D. Bradshaw
Deputy Chief
Audio Division
Media Bureau
