In re: Regents of the University

of New Mexico

KRRE(FM), Las Vegas, NV Facility I.D. No.: 122283 BPED-20160229ABP

## Dear Applicant:

This refers to the above-captioned non-commercial educational minor change application filed to modify the broadcast facilities of KRRE.

An engineering review of the application reveals that it is in violation of the contour overlap provisions of 47 C.F.R. Section 73.509 with respect to the co-channel license (BLED-20080313ABY) of KRAR(FM), Espanola, NM. Specifically, the application's proposed protected contour (60 dBu) would receive prohibited contour overlap from the KRAR interfering contour (40 dBu) by as much as 3 kilometers between the azimuths from 349 degrees True to 13 degrees True clockwise. This constitutes an acceptance defect.

In light of the above, Application BPED-20160229ABP is unacceptable for filing, pursuant to 47 C.F.R. Section 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. Section 0.283.

Sincerely,

Rodolfo F. Bonacci

Assistant Chief Audio Division Media Bureau

cc: Barry S. Persh (Via email) Charles A. Williams (Via email)

<sup>&</sup>lt;sup>1</sup> The Exhibit prepared using Longley Rice modeling techniques to demonstrate no overlap is unacceptable.
