Special Temporary Authority (STA)
BSTA-20160405AAT

Dear Licensee:

This is in reference to the request filed April 5, 2016 on behalf of Educational Media Foundation ("EMF"). EMF explains that the tower owner recently corrected coordinates for the tower structure. EMF requests authority to continue operating the translator with the parameters set forth in the STA request. EMF will file a construction permit application on FCC Form 349 for the coordinate correction and perhaps other changes.

The STA IS GRANTED for a period of 180 days; translator K247AZ may operate as described in the STA request. Please note that the grant of this STA does not imply that a construction permit application will be found acceptable for filing. EMF must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **October 17, 2016**.

Sincerely,

Dale Bickel
Senior Engineer
