Facility Identification Number: 82427  
Special Temporary Authority (STA)  
BSTA-20151218BBK

Dear Licensee:

This is in reference to the request filed December 18, 2015 on behalf of Educational Media Foundation ("EMF"). EMF explains that it recently purchased FM translator K268AH (assignment consummated November 20, 2015). EMF has found that the translator's antenna is mounted lower on the tower than the height specified on the station license. EMF requests authority to continue operating the translator with the errant facilities until corrective changes can be made, or a construction permit application on FCC Form 349 filed for the as-built facility.

The STA IS GRANTED for a period of 180 days; translator K268AH may operate as described in the STA request. Please note that the grant of this STA does not imply that a construction permit application will be found acceptable for filing. EMF must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **October 17, 2016**.

Sincerely,

Dale Bickel  
Senior Engineer
