File number: BDFCDTA-20061201AJF

Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that your proposed facility would be in violation of the August 3, 2004, freeze order, because your proposed 51 dBu F(50,90) contour extends outside your existing 74 dBu F(50,50) contour.

You are hereby given the opportunity to file electronically a minor amendment to resolve this problem within (30) days from the date of this letter. If not so amended electronically, your application will be considered incomplete and subsequently dismissed.

Sincerely

Hossein Hashemzadeh
Associate Chief
