Re: Isleta Radio Company (IRC)
KRKE(AM), Milan, New Mexico
Facility Identification Number: 22391
Construction Permit: BP-20151123BZF

Dear Ms. Whitman:

This letter is in reference to: the above-captioned minor change application filed by IRC to change site, frequency, city of license (Milan to Eldorado, New Mexico), increase power, and decrease efficiency using an existing tower; and the April 25, 2016, letter filed to request an additional 90 days to amend.

Accordingly, further action on the application will be withheld for 90 days in order to allow IRC to submit: the transmitter site plat (showing the existing tower and all structures on the site); a 7.5 minute USGS topographic quadrangle map that shows the proposed site with the latitude and longitude lines clearly marked and a scale in kilometers; and an acceptable 307B showing. Failure to respond or amend within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the Commission's rules.

Sincerely,

Son Nguyen
