Facility Identification Number: 13664
Special Temporary Authority (STA)
BESTA- 20160505AAB

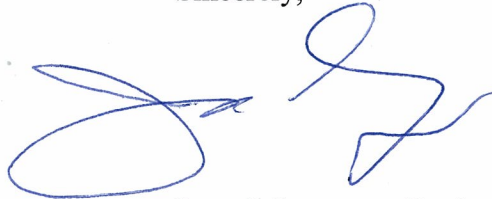

Dear Mr. Adell:

This is in reference to the request filed on May 5, 2016. CW requests an extension of the STA granted on May 22, 2015, to operate station WFDF(AM) with parameters at variance pending the grant of a new license.¹ In support of the request, we noted that BMML-20151109FXM remains pending.

Accordingly, the request for extension of STA is hereby GRANTED, and station WFDF(AM) may continue to operate based upon the parameters given in BMML-20151109FXM. CW must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. We anticipate that BMML-20151109FXM will be granted in the near future allowing resumption of licensed operations, therefore a reduced amount of time has been authorized.

This authority expires on **July 25, 2016**.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Szczesny', is written over a horizontal line.
