Facility Identification Number: 69631
Special Temporary Authority
BESTA-20160609AAA

Dear Licensee:

This is in reference to your request filed June 9, 2016, by VI Stereo Communications Corp. (“VI Stereo”).¹ In November, 2014, VI Stereo requested special temporary authority (“STA”) to operate WVIS with temporary facilities at the main studio site. VI Stereo is presently searching for a permanent location on the island of Vieques. In the meantime, continued use of the STA facilities approved in the staff’s November 13, 2014 letter will allow the station to maintain limited service.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for STA extension IS HEREBY GRANTED. Station WVIS may continue to operate with the following temporary facilities:

¹ While we treat this STA request as an extension (as requested), we note that the request was filed three months after the March 16, 2016 expiration date of the previous STA extension (BESTA-20150911ABX). We caution VI Stereo to pay attention to the STA expiration dates and to file any further STA extension request in a timely manner.
