WSKN(AM), San Juan, PR  
Facility Identification Number: 10062  
Special Temporary Authorization (STA)  
BESTA-20160616AAC

Dear Mr. Albino:

This is in reference to the request filed on June 16, 2016. MPG requested an extension of the STA granted on May 27, 2015, to operate station WSKN(AM) by diplexing with station WRSJ(AM) using the facilities specified in the construction permit BP-20160911ADD.<sup>1</sup> In support of the request, MPG states that additional time is needed because MPG is losing its licensed site due to reasons beyond its control.

We noted that the request did not state that MPG used the authorized STA facilities anytime during the past year, and no date was provided to indicate when the station must cease licensed operations and vacate its licensed site (to justify the need for STA operations in the near future). In addition, an FCC Form 301 application was not filed to verify that MPG intends to relocate the station to the WRSJ permit site. Accordingly, the June 16, 2016, request for extension of STA is hereby DENIED, and the previous authorization (BESTA-20151123APT) is hereby CANCELLED.

Sincerely,

Joseph Szczesny, Engineer
