Re: KGCL (FM), Jordan Valley, ID
Educational Media Foundation
Facility Identification Number: 85777
Special Temporary Authority (STA)
BSTA-20160620AAT

Dear Licensee:

This is in reference to the request filed June 20, 2016 on behalf of Educational Media Foundation ("EMF"). KGCL resumed reduced power operation after a limited supply of fuel was carried to the generator at the transmitter site. EMF requests Special Temporary Authority (STA) for continued operations at reduced power until the generator can be fully fueled.

Section 73.1560(d), which governs reduced power operation, states:

In the event it becomes technically impossible to operate at authorized power, a broadcast station may operate at reduced power for a period of not more than 30 days without specific authority from the FCC. If operation at reduced power will exceed 10 consecutive days, notification must be made to the FCC in Washington, DC, Attention: Audio Division (radio) or Video Division (television), Media Bureau, not later than the 10th day of the lower power operation. In the event that normal power is restored within the 30 day period, the licensee must notify the FCC of the date that normal operation was restored. If causes beyond the control of the licensee prevent restoration of the authorized power within 30 days, a request for Special Temporary Authority (see Section 73.1635) must be made to the FCC in Washington, DC for additional time as may be necessary.

Our review indicates that the request complies with Section 73.1560(d).

Accordingly, the request for STA IS GRANTED. Station KGCL may continue to operate at reduced power, as needed. EMF must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. EMF must notify the Commission when licensed operation resumes.

This authority expires on December 24, 2016.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dale Bickel". The signature is written in a cursive, slightly slanted style.

Dale Bickel
Senior Engineer
Audio Division
Media Bureau
