

Radio Station WSVM, Valdese, NC has been silent for over a month. The Public and Political Files are unavailable for inspection as the studio and office building at 1117 Praley Street is locked and dark and seems to be abandoned, and there appears to be no electric service. Efforts to contact WSVM by phone resulted in the voice message that 828-874-1496 has been disconnected. Mail to P.O. Box 99 has been returned as unforwardable. The listed website www.1490vradio.com is now occupied by a law firm. It appears that WSVM has been abandoned.
