Re: Urban Radio Licenses, LLC (URL)
WLAY(AM), Muscle Shoals, Alabama
Facility Identification Number: 60611
Special Temporary Authority (STA)
BESTA-20160608HTI

Dear Mr. Wagner:

This is in reference to the request filed on June 8, 2016. URL requests further extension of the STA originally granted on August 6, 2010, and most recently modified on December 10, 2015, to operate from an alternate site due to loss of the licensed site.¹ In support of the request, URL stated that it plans to file the required FCC Form 301 application or transfer ownership of the station to a new licensee (that can do so).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and station WLAY(AM) may continue to operate with the following facilities:

¹ WLAY is licensed for 1 kW unlimited ND operation on 1450 kHz.

Geographic coordinates: 34° 44' 13" N, 87° 42' 15" W (NAD 1927)
Frequency: 1450 kHz
Hours of operation: Unlimited
Operating power: Not to exceed 0.06 kW
Antenna type: Long wire

It will be necessary to reduce power or cease operation if complaints of interference are received. URL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. We anticipate that URL will file the required FCC Form 301 application in the upcoming months, or obtain assistance in doing so from the new owner.

This authority expires on **January 6, 2017**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a final flourish.

Joseph Szczesny, Engineer
