Re: Genesis Communications of Tampa Bay, Inc.  
(GCTB)  
WMGG(AM), Dunedin, FL  
Facility Identification Number: 67135  
Special Temporary Authority (STA)  
BESTA-20160616ABR

Dear Mr. Maduri:

This is in reference to the request filed on June 16, 2016. GCTB requests a final extension of the STA granted on February 20, 2015, to continue ND operation using one of the existing WTMP(AM) towers due to the recent installation of the new co-located WMGG(AM) directional facility.<sup>1</sup> In support of the request, GCTB stated that additional STA operation is required while BMML-20160621ANY remains pending before the Commission.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA is GRANTED, and station WMGG(AM) may continue to operate ND at the site specified in the permit BP-20120808ABK using the existing WTMP tower (ASRN# 1030544) with 0.75 kW day and 0.4 kW night, or with DA parameters at variance and/or reduced power based upon the pending application BMML-20160621ANY. It will be necessary to further reduce power or cease operation if complaints of interference are received. GCTB must use whatever means are necessary to protect workers and the public from exposure to radio frequency

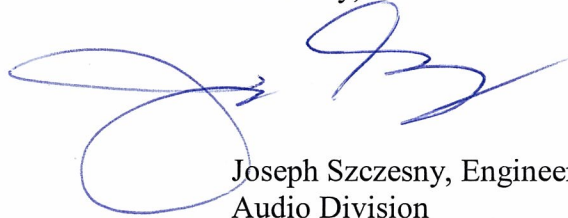

---

<sup>1</sup> WMGG(AM) is licensed for ND operation on 1470 kHz with 5 kW day and 0.5 kW night, and BP-20120808ABK authorized a new DA facility using the existing WTMP(AM) towers.

radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **January 21, 2017**.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Szczesny', is written over the typed name.

Joseph Szczesny, Engineer
