Dear Sir/Madam:

R.E: Change of the name of the licensee for KSUU as per §73.3544 (c).

For some reason unknown to the licensee, Southern Utah University, the name of the institution is listed in the Commission's records as South State University. We have tried many times over the years to get the name corrected in the commission's records but for some reason, those attempts have been unsuccessful.

If our reading of §73.3544 (c) is correct, this change should be able to be accomplished by simple written notification. We therefore respectfully request that the name of the licensee of KSUU and all associated licenses including WHG272 and KU4798 be modified to reflect the correct name of the institution – Southern Utah University. There is no change in ownership or control of the facilities.

If you need additional information before the change can be completed, please let me know.

Sincerely,

Lance Jackson
