Re: Tolling Request for Construction Permit BNPFT-20130830ASO

Dear Ms. Dortch:

On July 28, 2016 E-String Wireless, Ltd. ("E-String") filed an assignment application with the Federal Communications Commission seeking to assign Construction Permit BNPFT-20130830ASO for unbuilt FM Translator Station K279CJ at Fort Smith, Arkansas (hereinafter the "Construction Permit") to Salt Of The Earth Broadcasting, Inc. ("SOTE")(BALFT-20160728AHD). E-String subsequently filed a minor change modification application for K279CJ on July 28, 2016, (BMPFT-20160728AHL). The purpose of the modification is to allow SOTE to rebroadcast KGLD(AM), Tyler, Texas. Upon grant of the modification application, SOTE will build the modified translator promptly.

The Construction Permit currently is scheduled to expire on January 16, 2017. E-String accordingly requests that the Construction Permit be tolled pursuant to Footnote 36 of the FCC's October 23, 2015 "AM Revitalization" Order, FCC 15-142, for six months from the later of the grant of the assignment application and consummation of the assignment or grant of the modification application.

Please do not hesitate to contact me should you have any questions.

Sincerely

Bret D. Huggins, President
E-String Wireless, Ltd., and
Manager & Sole Member of
E-String Management, LLC,
General Partner
