Special Temporary Authority
BESTA-20160822AAW

Dear Licensee:

This is in reference to the request of Educational Media Foundation (“EMF”) filed August 25, 2016. The filing seeks an extension of the February 22, 2016 Special Temporary Authority (STA) for continued operation by KLFQ at reduced power, due to continuing power problems at the transmitter site. EMF expects to file soon for a different transmitter site.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

The request for STA extension IS HEREBY GRANTED. Station KLFQ may continue to operate at reduced power as needed. EMF must notify the Commission when licensed operation is restored. EMF must take any steps necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on February 17, 2017.

Sincerely,

A handwritten signature in black ink that reads "Dale Bickel". The signature is written in a cursive style with a large, looped "D" and "B".
