Re: Intelli LLC (Intelli)  
KAZA(AM), Gilroy, CA  
Facility Identification Number: 54572  
Special Temporary Authority (STA)  
BESTA - 20160920AFQ

Dear Mr. Do:

This is in reference to the request filed on September 20, 2016. Intelli requests a further extension of the STA granted on September 17, 2014, to operate with temporary facilities due to loss of the licensed site.<sup>1</sup> In support of the request, Intelli states that additional time is needed to prepare and file the required FCC Form 301 application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

We noted that the previous STA expired over two months before this request was filed. As a result, it will be considered a request for a new STA, and the authority granted herein will not cover the period between the July 11, 2016, expiration date of the prior STA and the September 20, 2016, filing of the instant request, and is without prejudice as to whatever action the Commission may take with respect to operation during that time period.

---

<sup>1</sup> KAZA(AM) is licensed for DA operation on 1290 kHz with 5 kW day and 0.088 kW night.

Accordingly, the request for extension of STA is GRANTED, and Intelli may continue to operate with the following facilities:

Geographic coordinates	36° 57' 49" N, 121° 29' 22" W (NAD 1927)
Frequency	1290 KHz
Hours of operation	Unlimited
Operating power	1.25 kW (day), 0.02 kW (night)
Antenna type	Existing tower of KZSJ(AM), ID#30906
Antenna efficiency	307 mV/m

It will be necessary to further reduce power or cease operation if complaints of interference are received. Intelli must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. Intelli must file an FCC Form 301 application in order to show that substantial progress has been made.

This authority expires on **April 18, 2017**.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Joseph Szczesny', with a large, stylized flourish extending to the right.

Joseph Szczesny, Engineer  
Audio Division
