Re: KJJB (FM), Eagle Lake, TX
Jennifer Creemens
Facility Identification Number: 171037
Special Temporary Authority
BSTA-20161005ABA

Dear Licensee:

This is in reference to the request filed October 5, 2016 on behalf of Jennifer Creemens ("Creemens"). Creemens requests Special Temporary Authority (STA) to construct and operate KJJB with the directional facilities specified in construction permit application BMPH-20160926ADV. KJJB is currently silent and the station cannot go back on the air at the licensed site.

The STA request is DISMISSED. The site change and directional facilities proposed in the STA require a full engineering analysis of the type required for a construction permit. And as Creemens has indicated, that construction permit application is already on file, specifying identical facilities. Under these circumstances, we will not authorize construction or operation via STA in advance of the construction permit application review.

The fact that the station is silent does not alter this determination. FCC records indicate that KJJB last went silent on May 4, 2016 (see BLSTA-20160516ACN). Creemens must return KJJB to operating status no later than May 4, 2017. We expect that action will be taken on the construction permit application long before the May 4, 2017 one-year-silent date.

Sincerely,

Dale Bickel
