Re: Townsquare Media Texarkana License, LLC
(TMTL)
KOSY(AM), Texarkana, AR
Facility Identification Number: 7072
Special Temporary Authority
BESTA-20160926AEC

Dear Mr. Price:

This is in reference to the request filed on September 26, 2016. TMTL requests an extension of the STA originally granted on December 4, 2012, and last modified on March 26, 2015, to operate with parameters at variance until the required FCC Form 302 application has been filed and granted to obtain new operating parameters.¹ In support of the request, TMTL states additional time will be required to file the FCC Form 302 application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

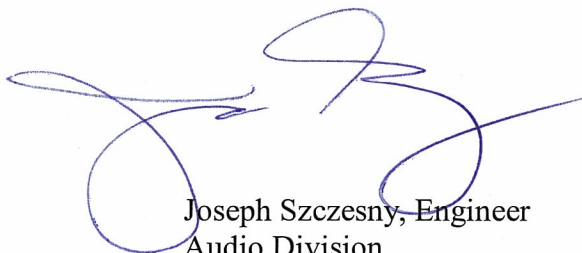

Accordingly, the request for extension of STA IS HEREBY GRANTED, and TMTL may continue to operate with parameters at variance from licensed values and/or reduced power while maintaining monitor points within licensed limits. It will be necessary to further reduce power or cease operation if complaints of interference are received. TMTL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the

¹ KOSY(AM) is licensed for operation on 790 kHz with 1 kW (ND) day and 0.5 kW (DA) night.

Commission's exposure guidelines. *See* 47 CFR § 1.1310. TMTL must file an FCC Form 301 application first (before filing the 302 application) if any theoretical parameter changes or corrections are needed as a result of the work done over the past four years.

This authority expires on **May 2, 2017**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a long horizontal stroke extending to the right.
