**Re: Request for Waiver of Construction Deadline for  
Translator W296CU Construction Permit  
FCC File No. BMPFT-20161031ADD**

Dear Ms. Dortch:

Radio 74 Internationale ("Radio 74") and L.M. Communications, Inc. ("LMC") filed an application with the FCC on October 31, 2016 (FCC File No. BAPFT-20161028ACJ) requesting consent to assign the construction permit for FM translator station W296CU, Greenfield, Indiana, (Facility ID 148567) ("Construction Permit") from Radio 74 to LMC. With the consent of Radio 74, LMC filed the above-referenced minor change application (FCC File No. BMPFT-20161031ADD) seeking authorization to move W296CU to Lexington, Kentucky and rebroadcast Station WLXG(AM), Lexington, Kentucky (Facility ID 36114). Upon grant of the modification application, LMC will promptly construct the modified translator station and initiate broadcast operations.

The Construction Permit is currently scheduled to expire on December 24, 2016. LMC respectfully requests a waiver of the construction deadline set forth in the Construction Permit pursuant to footnote 36 of the Commission's *Revitalization of AM Radio Service*, First Report and Order, Further Notice of Proposed Rulemaking, and Notice of Inquiry, 30 FCC Rcd. 12145, ¶ 15 (2015), to extend the buildout deadline for six (6) months from the later of the original construction deadline, consummation of the assignment of the Construction Permit, or grant of the above-referenced modification application.

LS

Ms. Marlene Dortch
